HEROES STRICKEN FIELDS ARE WELCOMED

BACK FROM PHILIPPINES

Pennsylvania Troops on Parade.

March to the Presidio and Ovation.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

SAN FRANCISCO, Aug. 3.—At 9 o'clock this morning the Pennsylvania troops disembarked from the transport Senator and commenced the march to the Presidio reservation, where the soldiers will go into camp preparatory to mustering out.

The reception accorded the soldiers from the Keystone State was similar to that given the Oregon, Nebraska and Utah boys who had preceded them home. Thousands upon thousands of people lined the streets through which the boys were to pass. The usual medley of steam whistles, cannon and fireworks accompanied them all through the business section of the city. Lower Market street was packed with people, and as the parade swung into that thoroughfare a mighty cheer went up, and was carried all the way up the street and repeated.

CITY BRIGHT WITH FLAGS.

Flags waved constantly as the soldiers marched between the lines of spectators, and it seemed as if every piece of bunting and every flag in the city had been brought into service. From hotel windows and business houses streamers of bunting were thrown to the breeze, and in some places strings of cow bells had been suspended from windows to add to the din.

A PATHETIC FEATURE.

Three heavy batteries, one light battery and the regimental band of the Third Artillery came first in the parade, followed by the Nebraska regiment, and then came the Pennsylvanians, led by Lieutenant-Colonel Barnett. Colonel Barnett's sword, draped in crepe out of respect to the memory of Colonel Hawkins, commander of the regiment, who died at sea en route home, caused a hush to fall on the multitudes of people.

A RUGGED BODY OF TROOPS.

The Pennsylvanians are a sturdy lot, and presented even a better appearance, from a health standpoint, than did the Nebraska boys and those from Utah, but they ascribe this to the tonic effects of the sea voyage home and to the fact that they were off the fighting line for some time before their departure from the islands. Today they were attired in blue uniforms and carried their blankets and rifles, and their spick and span appearance commanded great attention.

MODEST HEROES.

The soldiers accepted the attentions showered upon them modestly, plodding along with even step, and but occasionally looking to the right or left. The expressions of gratification which their sun-burned faces bore, and an occasional cheer, were the only signs they permitted themselves to show that they appreciated the demonstration of a grateful people. The plaudits of an admiring people could not dissipate the discipline of a year's service in Uncle Sam's army, and the loss of their commander hung heavily upon them.

CHEERED THE BATTLE FLAG.

The battle flag of the Pennsylvanians, torn, shot-riddled and almost a wreck of its former beauty, excited more admiration than did anything else. As soon as the color bearer came into sight, carrying the dingy and frayed piece of silk, a cheer, mightier, if possible, than those given the other boys, rang out and reverberated along the throngs who had gathered to welcome the soldiers.

The ambulances of the Pennsylvanians brought up in the rear of their regiment, bearing the sick and wounded. Following the Pennsylvanians came Battery C of the Third Artillery from the Presidio.

IN THE REVIEWING STAND.

The parade was reviewed on Van Ness avenue by General Shafter, and in the reviewing stand with him was the committee of Pennsylvanians who had come all the way from the Keystone State to extend a welcome to their returned heroes. As the troops passed the reviewing stand they could not suppress a cheer, and it was returned by those in the stand bowing, waving handkerchiefs and flags.

AT THE PRESIDIO.

On arrival at the Presidio the work of going into camp was taken up with vim, and early in the afternoon the boys were comfortably quartered. Here they will remain for several weeks until they are mustered out, when they will be taken to their Pennsylvania homes in a body.

Arrangements for their transportation East are nearing completion, and by the time the soldiers are mustered out everything will be in readiness to have them dashed across the continent as fast as the iron horses of the railroads can carry them.

YAQUIS. PERISH.

Gen. Torres Declares He Will Exterminate the Savages.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

LOS ANGELES, Aug. 3.—Marshall P. Wright, son of the late Judge Wright of Kansas City, last night arrived in the city from Mexico, accompanied by Judge Moreles of Hermosillo. Mr. Wright is a mining engineer and owns valuable mining properties eighty miles east of Unes, in the heart of the Yaqui Indian country.

Neither Judge Moreles nor Mr. Wright believes the stories that the old Indian Chief Tabateta is dead or that General Torres has been murdered while leading his command against the rebellious savages.

They declare that General Torres is too able an officer to be caught by the crafty Indians, as he has had too much experience with their methods of campaign.

FEROCITY OF THE YAQUIS.

"Any doubt that the Yaquis are on the warpath and that they are in deadly earnest must be dismissed by the news that has been brought in by couriers from the seat of war," said Mr. Wright in speaking of the present outbreak. "They are battling with their old ferocity, but the exact cause for the uprising seems to be at present unknown. My information was to the effect that they are waging a bloody war upon all settlers, and there is positive evidence of their slaughtering the people."

He intimates that from 2,000 to 3,000 Indians are under arms and engaged in the conflict, but that this does not represent the entire strength of the warlike savages.

PEOPLE PANIC-STRICKEN.

"The entire country is in terror, and the people are fleeing to the larger settlements from the mining camps and from the smaller pueblos," continued Mr. Wright.

"How long the war may continue no one knows, as several thousand Yaquis are working in towns and mines, and their labors furnish the fighting braves with the sinews of war."

Mr. Wright says that this outbreak is a surprise to General Lorenzo Torres, who after a two-years' campaign subdued the Yaquis in May, 1897.

WAR TO THE DEATH.

"At that time, when the treaty of peace was being signed," remarked Mr. Wright, "General Torres told the Yaquis at Torren that if they ever broke the treaty and caused more trouble, it would be taken as a signal for war, and it would be carried on to the point of extermination, as quarter would neither be asked nor granted. General Torres is much in earnest, and I look for a bloody reckoning before the final battle is fought."

YAQUS TO BE EXTERMINATED.

Mr. Wright says that General Torres is now in the field, and that his policy will be to drive the Indians to the mountains. The Twelfth Mexican Regiment and other volunteers have been mobilized, and Colonel Kosterlitzky, formerly of the United States army, is gathering troops near Magdalena, and he will soon reinforce General Torres.

"When these troops meet those Indians there will be a hot time for the Yaquis," concluded the mining expert.

PERISH. STRIKE.

Steamer Goes Down in the Florida Storm.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

TALLAHASSEE, Fla., Aug. 3.—A report has reached here by a party of people who made their way by conveyance to a town on the Tallahassee, Carrabelle and Gulf road that the steamer Crescent City, plying between Carrabelle and Apalachicola, was lost in Tuesday's storm. The Crescent City is in the service of the Tallahassee, Carrabelle and Gulf road.

Macintoc, a small town this side of Carrabelle, is completely wiped out. One man, name unknown, was drowned. Rumors as to loss of life among the fishermen, are yet unconfirmed.

HURRICANE'S FELL WORK.

PENSACOLA, Fla., Aug. 3.—Reports from Carrabelle indicate that Tuesday's storm was more disastrous than at first supposed. Only meagre reports are had. It is known, however, that the magnificent docks of the Gulf Naval Stores Company have been destroyed. A large warehouse of that company, containing $100,000 worth of rosin, was swept away.

The steamer Capitola, also the property of the Naval Stores Company was blown ashore. About two-thirds of the town proper was destroyed.

A steamer will leave here this evening to ascertain the true state of things.

COMMUNICATION CUT OFF.

TALLAHASSE, Fla., Aug. 3.—Up to noon today no direct information has been received as to the town stricken by Tuesday's storm. There is no communication by wire, and the only hope for news as to the extent of the damage done is based on the belief of the officials of the Carrabelle, Tallahassee and Gulf Railroad that a train will get in today from the coast. They hope a train will reach Tallahassee by 4 o'clock this afternoon. Gangs of men have been working steadily on the roadbed ever since the storm ceased.

Reports of loss of life have been heard, but there is no confirmation. There is no doubt that the loss of life, if any occurred, will fall heaviest upon the fishermen plying along the coast.

Several trainmen were badly hurt in the train which was blown from the tracks during the storm.

STRIKE.

Twenty-Five Hundred Men Quit Work in Pennsylvania.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

WILKESBARRE, Pa., Aug. 3.—The employes of five big collieries in the anthracite region have struck. The grievance is alleged excessive dockage. It is estimated that nearly 2,500 men are idle.

At the Nanticoke colleries of the Susquehanna Coal Company 1,000 have stopped work, and at the Keystone and Mill Creek 500 men are out. The latter have other grievances. At the Babylon mine at Durica 500 men are on strike for increase in wages, and the same number stopped work yesterday at the Exeter shaft at West Pittston.

FAMILY DIVIDED

OLD MAN GOOBY A GOOD BOXER.

WIFE TRIED TO HIT SOLAR PLEXUS.

AFRAID OF BEING SHOT AND SLEPT IN THE SHED.

LIVELY TESTIMONY IN A SENSATIONAL DIVORCE CASE.

Another chapter in the family troubles of the Goobys was made public today when the witnesses for the defense took the stand.

From the testimony of the witnesses for the plaintiff, Mrs. Gooby, it appeared that she was a very much mistreated woman and that she had been compelled to support John Gooby to keep him from going to the poorhouse.

The testimony for the defense throws an entirely different light upon the matter.

Although Mr. Gooby has lost considerable property in past years, he is still possessed of about $10,000 worth of real estate in this city and adjoining towns. Besides asking for a divorce, Mrs. Gooby claims that she should be awarded the property. The testimony shows that she has asserted her right forcibly by driving her aged husband from his home and threatening to shoot him when he attempted to return.

CRUEL MAN.

The daughters of the old couple have each taken sides in the family quarrel. Miss Mary Gooby sides wit hher mother and claims that Gooby was a cruel and spendthrift father. She testified that he had used much violence toward his wife, and abused her so that it was impossible for them to get along together.

MILD MAN.

The other daughter, Mrs. Maude Boyle, stands up for her father. She testified that ordinarily he was a very mild man, but Mrs. Gooby would always pick a quarrel with him by telling him what a fool he had been in his business ventures. This would excite the old man and he would reply by accusing her of extravagance in purchasing clothes and hats for the children. Hard names would pass between the two, and then blows would follow.

GOOD BOXERS.

"They both used their fists," she said, "and one was about as good at it as the other. I never saw my father raise a chair to my mother, nor did he ever attempt to strike her with anything but his fists. My mother brought on the quarrels by picking on father for something that had happened twenty years ago. She would not leave him alone. I remember one occasion when father started to enter the house on Linden street, mother said she would shoot him if he entered.

Father was driven from his home. He said that he would rather go to the poorhouse than to live at home with his wife. Part of the time father had to sleep out in a shed back of the house.

"I collected the rents from father's houses. He did not receive any of the money as it went to mother to pay his board."

Mrs. Gooby testified yesterday that she had not received a cent from her husband.

The son-in-law, Harry L. Boyle, testified that he had heard Mrs. Gooby threaten to shoot her husband. He also said that Gooby was peacable until attacked by his wife.

NO FACTION RULES ROOT.

War Secretary Takes Up His Work With Energy.

Associated Press Dispatches by
The Tribune's Special Leased Wire

WASHINGTON, Aug. 3.—The Marine Hospital officials at Hampton have succeeded in tracing and locating the former inmate of the Soldiers' Home who is believed to have brought yellow fever to that place. His name is William Thomas. He arrived at the Home on a transport from Santiago, where he had been visiting from July 2nd to 5th last. He was admitted to the Home as a veteran, and soon after developed chills and fever. In the light of subsequent events the experts believe there is little doubt that he was affected with a mild case of yellow fever, although it was not diagnosed as such at the time. When well enough to travel he left the Home, and his baggage was sent to Phoebus. He himself went to Columbus City, Washington, where he now is.

Surgeon-General Wyman regards it as fortunate that Thomas went to such a high altitude, as it lessens any danger of infection.

Surgeon-General Wyman had a call this morning from Colonel J. A. Smith, Inspector General of the Hampton Home. He was accompanied by General Martin McMahon. Colonel Smith presented a letter from William B. Franklin, president of the Board of Managers of the Home authorizing Colonel Smith to act for the board in co-operating with the Surgeon-General in every possible way. Colonel Smith and General McMahon, after hurrying over the situation with General Wyman, left for Norfolk, where they will manage the collection and transportation of supplies to the Home during the continuance of the quarantine.

Another change was made today in the destination of the troops at Fort Monroe. General Merritt telegraphed the War Department that in deference to the earnest suggestion of Surgeon-General Wyman, he would direct that the troops be sent to Plum Island in Long Island Sound. The Quartermaster's Department is experiencing considerable difficulty in making arrangements for the transportation of the Fort Monroe garrison. It is quite likely that the transport McClellan, now at New York, will be sent to Fort Monroe to take the troops away.

Contempt of Court.

William S. Watson has been cited to appear before Judge Ellsworth to show cause why he should not be punished for contempt of court for not complying with the order to pay Almina F. Watson $25 alimony.

SAILING OF VOLUNTEERS.

Two More Transports Leave Manila in a Few Days.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

WASHINGTON, Aug. 3.—The War Department today received the following from General Otis regarding the movement of transports:

TRANSPORTS NEARLY READY.

"MANILA, Aug. 3.—Four transports in harbor; cargoes discharged. Pennsylvania nearly coaled and takes on recruits; received organizations in southern waters. Leaves 8th inst., returns all men discharged under general order 40. Sheridan being coaled, leaves for San Francisco 8th inst., with Montana and South Dakota troops. Valencia and Zealandia require 1,200 tons coal; time of sailing indefinite, as approaching typhoon interferes."

Union Bank Dividend.

SAN JOSE, Aug. 3.—The Union Savings Bank is paying a dividend of 5 per cent to depositors today. There has been a crowd at the bank all day, and they are being paid as rapidly as the money can be passed over.

A Plan to Capture the President That Miscarried.

Associated Press Dispatches by
The Tribune's Special Leased Wire

KINGSTON, Jamaica, Aug. 3.—Owing to the efforts of the Government of Santo Domingo to suppress news and information about the recent assassination of President Heureaux and the reported revolution in Santo Domingo, the facts in the case are difficult to obtain. But a dispatch received by a messenger who had passed through Hayti indicates that the assassination of President Heureaux was not on the program, the purpose of the revolutionists being to capture Moca with the President, thus decapitating the Dominican Government at the first blow. The insurgents not possessing the means of prosecuting a protracted conflict. The premature departure of President Heureaux threatened to frustrate this scheme, whereupon an enthusiast who was watching the President's movements committed the act. The subsequent attack upon Moca being repulsed, the insurgents withdrew into fastnesses between Moca and Porta Plata, hoping to secure sufficient concessions of arms and men to attack Porto Plata and prosecute the movement in spite of its initial failure.

Commenting on a London cablegram, relative to possible American intervention in Santo Domingo, the Gleaner today says it anticipates the finding of an excuse "to tie the string of Antillian gems on the new colonial diadem," and invokes the powers to "curb American ambition."

WILL BE SURRENDERED.

WASHINGTON, Aug. 3.—Acting Secretary of State Adee has received a cablegram from Minister Powell at Port Au Prince, Hayti, confirming the newspaper reports of the violation of his legation by police officers who were making an arrest. The Minister added that the person who was arrested is a citizen of Hayti, and he seeks to know what disposition shall be made of him on his return to the Legation. The department is now giving the communication consideration, and it will probably direct the Minister to surrender the man to the authorities if it shall be found that the proceedings are legal and he will be given a fair trial. If the Hayden Government expresses regret to the Legation the State Department will be satisfied.

NOT INTENDED TO KILL HEUREAUX.

SPANIARDS KILL FILIPINOS

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—The Captain of the British steamer Glooscap, which arrived today from Iloilo with a cargo of sugar, reports that on April 23, when passing Cape Melville, Balabac Island, one of the Philippines, he found the lighthouse keeper without provisions and unable to light his lamp because he had no oil. The Glooscap furnished supplies and reported the fact to the British Consul at Batavia. The natives of the island, the Captain says, had all been killed by Spaniards.

SHE STOLE HER OWN DAUGHTER.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

LONDON, Aug. 3.—Mrs. William Y. Perot of Baltimore, Maryland, who was arrested at Liverpool on an extradition warrant July 27th, after reaching that port from Canada, charged with the abduction of her daughter, Gladys, and who was brought here and remanded the same day on 100 pounds bail with two securities, appeared for examination this morning in the Bow street police court. She was again remanded on the same bail and with the same securities, Sir G. Ewen-Smith and N. Blood.

Mrs. Perot looked remarkably well, and entered the court holding her daughter by the hand, escorted by her brother, M. Pierce, and Lady Colin Campbell. N. Blood, a brother of Lady Colin Campbell, who accompanied Mrs. Perot to this country, entered the court a few minutes later.

There was some excitement in the court room when W. H. Perot the father-in-law of Mrs. Perot, entered, accompanied by Mr. Hodsen, of the United States Embassy. Mr. Perot advanced to greet the child, but she hid her face in her hands, muttering "I don't wish to speak to you."

"But, my dear," he replied, "I have a letter from your father and he sends his love."

The child wept but did not answer, and Mr. Perot seemed much hurt.

Mr. Crane, representing the United States Embassy, said that extradition papers marked "Urgent" and "Pressing" were handed this morning to officials of the British Foreign Office and were now on their way to the Home Office. Some days must necessarily elapse, he added, before copies of the documents could be placed in the magistrate's hands. Therefore, Mr. Crane asked that the prisoner be remanded."

Counsel for Mrs. Perot requiesced.

PEACE CONGRESS WAS A SUCCESS

Russian Government's Summary of the Results.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

ST. PETERSBURG, Aug. 3.—The Official Messenger today publishes a government communique reviewing lengthily the result of The Hague peace conference. After referring to the sympathetic reception the powers accorded the Czar's "magnanimous appeal for peace" it proceeds: "And the results of the conference have fully come up to the expectations of the government. It has been found necessary for the conference to postpone a definite settlement of the complicated question of the suspension of armaments until fully elucidated by the different governments. Nevertheless the lightening of military burdens is already admitted by unanimous resolution to be urgently desirable for all nations. On the other hand, the labors of the conference will doubtless exercise influence in regulating the customs of war and stopping cruelties. The various States have agreed to use all their resources in favor of the maintenance of peace and the abolition of war. It is now an established fact that mediation, which hitherto depended on the good will of the states interested, can henceforth be offered by a third power on its own initiative."

The communique concludes: "Without impairing the sovereign rights of the individual states, the results afford a fresh basis for international peace. The necessity for a solution of the Czar's proposals is admitted by all the powers, and the march of events will indicate the securing of the welfare of mankind and the full attainment of the objects in view."

SECRETARY WILSON'S TRIP

Associated Press Dispatches by
The Tribune's Special Leased Wire.

SAN FRANCISCO, Aug. 3.—Secretary of Agriculture Wilson will leave here for the East tomorrow in a private car. He will pass through Sacramento about noon, and go as far as Truckee, where he will remain over night. Next morning he will stop a short time at Reno, and then go on to Carlin, Nevada, where another stop for the night will be made. Next he will proceed to Ogden, arriving there about 6 p. m., Saturday, and will go on to Salt Lake. Secretary Wilson has arranged his trip so that he will pass through Nevada in the daytime and be able to observe the character of the country.

ARRESTED FOR ROBBERY.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—Lucius L. Sloan of Beaver, Pa., was arrested at Quarantine today for complicity in a $1,000 robbery at Havana a fortnight ago. Sloan protested his innocence. He said he was a clerk for Adjutant-General H. L. Scott. A box containing $1,000 in American and Spanish money belonging to the woman with whom he boarded was stolen. Sloan, with other boarders, went before a magistrate and were questioned about the matter. Sloan said he was exonerated from all complicity in the affair, and started for home on a leave of absence.

Asks a New Trial.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

WALLACE, Idaho, Aug. 3.—The attorneys for Paul Corcoran, convicted of the murder of James Cheyne during the riot at Wardner in April, have filed a motion for a new trial.

OTIS NAMES NEW OFFICERS

Associated Press Dispatches by
The Tribune's Special Leased Wire.

WASHINGTON, Aug. 3.—General Otis cables the following selections for the new regiments:

"Additional nominations original vacancies in Thirty-seventh Volunteers:

"Captains—Ernest D. Scott, Second Lieutenant Sixth Artillery; John E. Morgan, Captain, Montana; Charles N. Clark, First Lieutenant, Minnesota; Sergeant Henry A. Hutchins, Company E, Fourteenth Infantry.

"First Lieutenants—Sergeants Edward T. Balch, Troop L, Fourth Cavalry; Jesse G. Lowenberg, late Corporal, Company D, Sixth Artillery; Frank Auswald, recruit, Thirty-seventh, late Sergeant Company I, Kansas; John S. E. Young, Sergeant Major, Twelfth Infantry; Dan T. Bowman, recruit, Thirty-seventh, late private Company C, Montana; John L. Nussel, Sergeant, Company C, South Dakota; Ira Keetsley, recruit, Thirty-seventh, late Sergeant Twentieth Kansas.

"Captain, vice Crnet declined, Alberta J. Erieson, Thirty-sixth Regiment.

"The above completes list except one assistant surgeon. Thirty-sixth Regiment, numbering 500, equipped, sent to San Fernando.

"Thirty-seventh, numbering 500, equipped, being assembled for equipments.

"Lockett's regiment recruiting rapidly, and nomination of officers telegraphed soon."

THE METEOR WINS AGAIN.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

COWES, Aug. 3.—In the race for the Town cup today in the regatta of the Royal Yacht Squadron, Emperor William's Meteor and the Prince of Wales' Britannia and Rainbow crossed the line together at the start. Bona was last.

The course was round the East Lepeburg to the Warner lightship, twice around.

The first round was finished as follows: Meteor, 1:32:05; Britannia, 1:34:10; Bona, 1:40:12; Rainbow, 1:48:45.

The yachts crossed the finish line as follows:

Meteor, 4:35:50; Britannia, 4:54:05; Bona, 4:55:00.

MORE KLONDIKE TREASURE

Associated Press Dispatches by
The Tribune's Special Leased Wire.

SAN FRANCISCO, Aug. 3.—The steamer Charles Nelson arrived from St. Michael, via Dutch Harbor, today, thirteen and one-half days from St. Michael. The Nelson carried 111 passengers, and the wealth of her passengers is estimated at about $150,000. The amount of the treasure sent down in care of the purser is not known, but it is generally understood to be large. A detachment of soldiers of the Third Artillery, A. R. A., arrived on the Nelson.

ALL QUIET IN CLEVELAND.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

CLEVELAND, Aug. 3.—Absolute quiet reigned throughout the city last night and today. The military force is being rapidly withdrawn, and by the close of the present week the last company of soldiers will probably be ordered home. There was a decided increase in the number of passengers carried on some of the Big Consolidated cars this morning. Many well-informed persons who have watched the progress of the boycott closely believe that the movement is on the wane.

FIGHTERS WERE ONLY AT PLAY.

Remarkable Testimony Given in Prize Fight Case in Police Court.

Officer James Brannan has positive views as to what constitutes a prize-fight, and when, a few days ago, he arrested two amateur tyros in the manly art, he asserted that he had caught the only law-breakers of the kind that had ever been apprehended in this city. He knew of a score of people who had seen the gladiators come together and, of his own knowledge, he knew that prize at issue was a fair, young maiden who had exercised a mastery over both the fistic swains.

Despite these facts, George Janvrin and Richard Hallihan, the two gladiators, were discharged in the Police Court this morning on the ground that they had not disturbed the peace, that having been the charge preferred against them.

Hallihan and Janvrin sat almost side by side during the inquiry. They eyed one another furtively, but their glances never met. Hallihan's smiles illy-concealed the cavity caused by the absence of the molars which Janvrin had knocked from their sockets. There was a scar, too, on his forehead and Janvrin's face showed the mark of pounding.

IGNORANT WITNESSES.

But there was not a witness who knew whether the boys had been fighting, boxing or simply "fooling." There was not a witness who experienced the slightest annoyance over the fracas, leading to the conclusion that, in the vicinity of Market street and Meade avenue, the business of bruising and battering a rival is an ancient and honorable calling.

J. M. Beers testified that he had seen the mill. "They came to blows," he said, "But I don't think it was fight."

"Did you see any teeth knocked out?" asked Prosecutor Leach.

"Yes I saw some teeth go out of Hallihan's mouth," was the answer.

"Didn't that convince you that it was a fight?"

"No I don't think it was a fight," was the answer.

Another witness said the "men" seemed to be trying to keep away from one another, and that caused him to leave in disgust.

Another witness said they were "sparring."

"Sparring with what?" asked Mr. Leach.

"Sparring with naked fists," was the answer.

This kind of testimony disgusted Mr. Leach, caused a broad grin to split the countenances of the lobby, and convinced Judge Smith that convicting testimony would be as a mustard seed, even if tendered by a myriad of such stalwart admirers of the "naked fist."

ST. PETERSBURG, Aug. 3.—An investigation of the report published by the Daily Mail of London, July 21st, from this city, that Lieutenant Boissman, the late Czarowitz's Adjutant, committed suicide with a revolver at Abbas Tuman, in the Caucasus after being bitterly upbraided by the Czar for allowing the Czarowitz to go out riding alone, shows it to be unfounded. The Lieutenant has been appointed an aide-de-camp to the Czar.

KILLED IN CAR ACCIDENT.

P. N. Hanrahan's Brother Lost Life in Ireland.

News has been received here by P. N. and D. J. Hanrahan, of the liquor house of T. A. Hennessy & Company, at the corner of Twelfth and Broadway, of the violent death of their brother, Edward J. Hanrahan, at his home in Ireland, on July 16th. The deceased was killed in a car accident while he was driving to his home in Clonmody from Cashel, County Tipperary. The deceased was only 21 years of age but he had attained to distinction in the pursuit which he followed and enjoyed wide-spread reputation as a man and official in that section of his native place. He was at the head of an athletic house, held the position of High Constable of that district in the Province of Ulster and also filled the position of Tax Collector. The deceased was unmarried and leaves a widowed mother at the ancestral home who is prostrated by his untimely end. The funeral of the deceased was the largest which ever took place in that section of the country. It was attended by an immense crowd of people and four and one hundred carriages, all of which were filled with mourning friends. Tomorrow, a solemn requiem high mass will be chanted in the church of St. Francis de Sales for the repose of his soul. The celebrant will be Rev. T. McSweeney; the deacon Rev. F. Butler; the subdeacon, Rev. F. Cranwell. The choral music will be rendered by Miss Black, Miss Hughes, Mrs. Kelley, Mr. Maitland and Miss McNulty on the organ. The friends here of the deceased, P. N. and D. J. Hanrahan have the sympathy of hosts of friends.

SJLAY COOKED AND THE WATCH WALKED.

Another addition to the list of victims of sneak thieves and burglars was made this morning, when Paul Sjlay complained to the police of the loss of a gold watch.

Sjlay is a cook in the Universal restaurant on Seventh street, between Broadway and Washington streets. He took off his vest and hung it in the storeroom of the place which adjourns the kitchen in which he was working. He had seen no person enter the store-room and yet when he donned his vest at the close of his shift, his watch was missing. The time piece was valued at $40. The police have hopes of finding the time piece.

DECORATIONS FOR DEWEY

NEW YORK, Aug. 3.—Chairman Foster of the Dewey Reception Committee said today that a letter had been received from the President of the Pennsylvania Railway Company promising to comply with the wishes of the committee in regard to the decoration of the company's property.

"The company promises to decorate the end of its pier with a design in colored lights in the form of a double arch, with the words 'Welcome to Dewey,' which will be seen all over the harbor. The company will also decorate with flags their other piers on the Jersey side in a similar manner, so that there will be an appropriate display on each side of the river on the occasion of the celebration.

SAYS THE CONTRACT WAS NOT KEPT

W. I. Reed has begun actions against Himple & Wheeler for $1,274.50, alleged to be due on a contract for towing lumber on the Nehalem river, Oregon. The plaintiff claims that defendants agreed to furnish 30,000 feet of lumber a month to be towed by the steamer Maggie and that they have failed to keep the terms of the contract.

YOUNG PEOPLE'S UNION.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

PITTSBURG, Aug. 3.—Over 8,000 delegates attended the second session of the Young People's Christian Union Convention today, held in the Duquesne Garden Auditorium.

After prayer by Rev. J. P. Sankey of Rochester, Rev. Addison Alexander read the report of the Committee on Nominations, as follows:

President—S. W. Livingston of Chicago.
Secretary—Miss Lulay Simon of Chicago.
Vice-Secretary—Hugh M. Moffitt of Monmouth, Ill.

President Moffitt then asked that the said officers be declared elected, and the election was unanimous. President Moffitt announced that T. C. McKelvey, the new incoming chairman of the General Committee, had appointed E. K. Marshall of Indianapolis, Ind., as the new treasurer.

JOHN BULL'S SHIPPING.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

LONDON, Aug. 3.—The Parliamentary Secretary of the Foreign Office, William St. John Brodrick, replying in the House of Commons today to Walter Runciman, Liberal member for Oldham, said the attention of the government had been called to circular No. 17, dated February 18th, 1899, issued by the Bureau of Navigation at Washington. He added that the questions affecting British shipping which might arise in connection with the United States law referred to in the circular were receiving the careful consideration of the government.

Answering a question put by Secretary Henry Stafford Northcott, Conservative member for Exeter and formerly Financial Secretary of the War Office, Mr. Brodrick said the government and decided to appoint commercial agents in America, Russia, China and Switzerland.

A YACHT GROUNDED.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

DORVAL, Quebec, Aug. 3.—Glencairn started at 1:35 P. M. today in the fifth and deciding race for the Seawanhaka cup. At 3:35 Constance, the American boat, had not appeared, and it is stated she will not sail the race. Glencairn is sailing over the course alone.

4:05—Constance grounded and was unable to start. A protest will be entered on account of not sufficient water, as she was unable drawing five feet at the time.

Glencairn is now heading for home, having been sailed by another boat. The protest has evidently been entertained.

DREYFUS CASE WITNESSES.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

PARIS, Aug. 3.—It appears that the Minister of War, General Gallifet, has absolved all military witnesses at the court-martial of Captain Dreyfus at Rennes from professional secrecy, with the exception that he has requested them not to divulge the names of French agents abroad or disclose anything which could complicate the foreign relations of France.

ANOTHER OIL COMPANY.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

FRESNO, Aug. 3.—Articles of incorporation of the San Joaquin Oil and Development Company were filed in the County Clerk's office today. The capital stock has been placed at $10,000 of the par value of $1 a share, fully paid up. The directors are: John A. Dunlap, Oakland; E. R. Waterman, Selma; Daniel Wilson, San Francisco; O. Scribner, Visalia and J. F. Davis, Selma.

CUBANS HAVE ITCHING PALMS.

The Officers Rob Their Men of American Bounty.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

HAVANA, Aug. 3.—A Cuban General, in a letter published in the Independencia today, says some commanders of the Cuban army have taken advantage of the $3,000,000 gratuity to get money from the soldiers, and are granting the certificates necessary to enable them to collect their quota. It gives three cases of men who were charged money by their officers. One of the is a Colonel in a Cuban regiment. In another instance it appears a man could not get his certificate, owing to the lack of money to pay for it. The writer says:

"Every day sees that the Americans are more and more right. Many years must pass before the Cubans learn how to handle the money without letting it stick to the fingers."

The General then asks, in view of the facts adduced, what would have happened if the Americans had entrusted the distribution of the gratuity to Cuban commissioners.

PAUNCEFOTE'S MOVEMENTS

Associated Press Dispatches by
The Tribune's Special Leased Wire

LONDON, Aug. 3.—The British Minister to the United States assumes the title of Lord Pauncefote as a result of his elevation to the peerage. He is still considering what territorial style he will take.

The Ambassador will return to The Hague shortly to complete some peace conference details there, and will start for Washington in October. He will finally retire from the diplomatic service in March or April next.

Lord Pauncefote expects to resume the Alaska negotiations which have been suspended during the hot weather on his arrival in Washington.

FUNSTON FIGHTS TO THE END

Associated Press Dispatches by
The Tribune's Special Leased Wire.

LEAVENWORTH, Kas., Aug. 3.—A letter from General Funston, was received by D. R. Anthony, Jr., of the Leavenworth Times, today. The General announces that he will stay in the army until the war in the Philippines is at an end, and will not muster out with his regiment.

AFRAID HE WILL LOSE HIS STOCK.

R. F. Bromley has begun suit to recover 1,500 shares of stock of the Grapevine Mining Company, valued at $1 a share. P. J. Kerrigan and Gustave Folte are named defendants. Plaintiff claims that Kerrigan holds the stock in trust and is trying to dispose of it through Folte. He asks that an injunction be placed on the stock pending the action.

THE LIBRARY.

Librarian Weller's report for the month of July shows the following books issued for home use, 10,988, divided as follows: Fiction 7,111, juvenile 1,797, miscellaneous 1,930. The average daily circulation for home use was 487 volumes. The library was opened for circulation 26 days, 91 new books were purchased and $1.85 was collected for fines.

The increase in the membership for July was 105, making now a grand total of 7,091 persons who are patrons of Alameda's most popular institution.

The West End reading room had 1,711 visitors last month.

BRICK WALL WILL STAND.

Fire Warden Lawton Will Not Take Any Action.

At the last meeting of the Board of Free Library Trustees the matter of the one-brick-in-thickness wall which is now being put up immediately west of the library building was referred to Fire Warden Lawton as a violation of the fire ordinance and a menace to the library building itself.

Fire Warden Lawton was asked this morning what he proposed to do in the premises.

"I shall do nothing," he said in reply. "That brick wall is safer than the walls of the library building. If the library should get on fire that brick wall would save the Centennial Hotel. If the Centennial should catch fire, that wall would save the library building, because the flames could not pass through it to the frame structure. For that reason the wall will do good. Besides, the City Council has given the proprietors of the place permission to put up that wall, and I will not interfere with their prerogative. The Council was glad to get the old stable which had stood there for years away, and which was a nuisance. In the place of that stable there will now be a nice building of two stories, the first floor of which will be devoted to business purposes, while in the second floor will be located the dining room of the hotel."

THE METHODS OF TAMMANY

Associated Press Dispatches by.
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—Charities Commissioner Lantrey testified before the Mazet Committee today that he had given contracts to Horgan & Slattery because he believed them to be a good firm. Mr. Lantrey said he did not know Jules Schroeder, who was accused yesterday of taking $300 to obtain a place on the police force for Frederick Hall. Yesterday Hall testified that Schroeder was a friend of Lantrey. The witness objected to Withers & Dickson, a firm of architects, because Senator Hanna had written a letter recommending the iron company which they represented.

STOCKTON AFTER WILSON.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

STOCKTON, Aug. 3.—The Board of Supervisors of San Joaquin county today passed resolutions which in effect amount to an invitation to James Wilson, Secretary of Agriculture, to visit this county. President Orrin Henderson of the Merchants and Manufacturers' Association telegraphed an invitation to the Secretary to visit points of interest in and about Stockton, and Congressman De Vries also telegraphed an invitation to the Secretary to visit this region before returning to Washington.

Committees of reception and entertainment will be appointed by the Merchants' Association, the Supervisors and the City Council.

CRIMP CONNELL TURNS UP

Associated Press Dispatches by
The Tribune's Special Leased Wire.

DENVER, Aug. 3.—Davis Connell, who was mobbed on Tuesday night at Cripple Creek, where he had been soliciting miners to go to the Coeur D'Alene district, arrived in Denver this morning. He was roughly handled at Cripple Creek, but was not shot and fatally wounded, as at first reported. He was run out of the camp by his captors and warned not to return.

AN ACCIDENT AT A DANCE.

Associated Press Dispatches by
The Tribune's Special Leased Wire

EAST LIVERPOOL, Ohio, Aug. 3.—During a dance at Wellsville last night the floor of the room gave way and the audience of 200 men were precipitated into the cellar, a distance of twelve feet. Many persons were injured, some had bones broken, but no one was fatally hurt, so far as known.

Machinists Back to Work.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

PORT HURON, Mich., Aug. 3.—The striking machinists of the Grand Trunk locomotive shops returned to work today. The men took Mechanical Superintendent Muhlfeld's statement that he will investigate as an indication that he will accede to their demands. If he decides that the company will employ whoever it sees fit, and that the union is to have no voice in the matter, the men will go out again.

SECRETARY ROOT'S ENERGY

Associated Press Dispatches by
The Tribune's Special Leased Wire.

WASHINGTON, Aug. 3.—It appears probable from developments during the past two days in the War Department that Secretary Root has in contemplation an army of 40,000 available men for the Philippines.

While Mr. Root has been at the head of the Department only a brief time, he has been making diligent inquiries among the Bureau chiefs regarding the supplies an equipment, and the trend of his questioning has been in the direction of an increase of the available force in the Eastern Archipelago.

Baggage Checked at Home.

When a person wishes to take an outing, it is always a cause of worriment to have to check one's trunks and look after them until they are safely stowed away on the train or boat on which one intends to travel. This annoyance, however, is obviated by entrusting the care of baggage, including the checking of the same, to the Peoples Express Company. This is the leading express company in this city, and, in fact, on the coast. It checks the baggage at your house to any point on the Southern Pacific. The company's telephone is main 326. The office is at the northeast corner of Broadway and Ninth street. It has a branch office in Stockton at 16 and 18 North El Dorado street.

ALAMEDA COUNTY NEWS

MANY TOWNS ARE REPRESENTED

NO ROPE FOR BERKELEY PEOPLE

Southern Pacific Franchises are Under Discussion.

BERKELEY, Aug. 3.—The meeting which was held at North Berkeley last night to take action in regard to the street railway franchises resulted in the appointment of a committee which will act with Trustee Marston who represents the North End, in endeavoring to have some of the terms of the franchises rendered more satisfactory.

The meeting was largely attended, citizens from all section of town being present. The meeting was enlivened by a motion made by J. Alfred Kinghorne—Jones to the effect that a "rope" committee be appointed, but he was ruled out of order.

W. K. Weir was elected chairman and John McCarthy secretary.

Mr. Weir commenced the proceedings by briefly outlining the situation.

Harry Squires moved that a committee be appointed to interview the railroad people and ascertain their intentions.

Before the motion could be seconded, Mr. Kinghorne-Jones asked the names of the trustees who had voted in favor of the ordinance regarding the franchises. The chairman gave the names as follows: Le Conte, Frame, Starks, Hoff, and Maloney. Mr. Kinghorne Jones then made his motion regarding a "rope" committee.

E. C. Marlave stated that the impression to the effect that the Railroad was acting hastily was an error. Two years ago the North Berkeley Improvement Club had asked the Company to extend its street car system to the north end. A bonus of $10,000 had been offered as an inducement, but at that time the Company was not ready. Mr. Marlave did not believe the present application for the franchises were in the nature of an attempt to choke the matter down the people's throat.

W. G. Sanborn the next speaker, said it is true that the Company had been invited to North Berkeley but the proposed route was different. He thought the present proposition was too hastily conceived. Mr. Sanborn found fault with the terms of the franchises which gave the railroad liberty to run on any time schedule regardless of the wishes of the people.

G. M. Robertson said that the franchises as applied for give the Company too much power. He thought the town trustees were the proper parties to ascertain the intentions of the Company. It would be idle for any one else to interrogate the railroad people.

Earl Webb suggested that Trustee Marston be instructed to have the franchises altered to suit the public and that a committee be appointed to appear at the meeting when final action is taken and act with Trustee Marston; also to interview the Company. Mr. Robertson was of the impression that the Company had conceded certain rights to the public in consideration of the franchise between Berkeley station and North Berkeley.

In response to a request Trustee Marston gave the substance of what had been said by President Donty of the Oakland Railroad Company. Mr. Donty had said that his company proposed to give Berkeley one of the best electric railroad services in the State and that North Berkeley would have a ten-minute service. This agreement if carried out would be superior to the local train service in many respects.

Trustee Frame was the next speaker. He said that the Company is bonded for the present to terminate its electric service at Shattuck and Dwight avenues. According to the franchise the extension must be made within three years. The reason that the extension will not be made once is caused by doubt concerning the necessary power. The Company hopes to secure the power from the Bay Lakes Company. If this fails they will erect a power plant at an outlay of $150,000. Trustee Frame complicated insinuations to the effect that those trustees who had voted for the franchise ordinance did so as a result of railroad influence. The trustees would do nothing inimical to the best interests of Berkeley. The speaker denied that the Board had acted hastily. They had deliberated over the matter for forty-eight hours.

In conclusion Mr. Frame said that if the franchises were granted other applications would be made.

Trustee Turner remarked that the matter was too important to be decided in forty-eight hours.

J. McCarthy suggested that the franchise be so amended that commuters will be carried free of charge to and from North Berkeley to connect with the local trains that the rails be laid flush with the streets and that the cars enter North Berkeley via Oxford street.

In regard to the latter amendment Trustee Marston stated that the Company had considered the routes carefully and would not change the present plans.

Mr. Webb's amendment to Mr. Squires' motion, namely that a committee be appointed to act with Trustee Marston was carried.

The committee was appointed as follows: E. C. Marlave, Earl Webb, and W. G. Sanborn. The meeting then adjourned to meet Friday, August 11th when the committee will present a report.

LIBRARY TRUSTEES—At the meeting of the Library Trustees last night, Librarian Moore filed his report for the month of August showing that 10,863 persons had visited the reading rooms and that 4,450 books had been taken out.

The following claims were allowed: Needham Brothers, $8; Helm, Taylor & Company, $5; W. R. Dickerson, $12.50; Mabel Weed, $25; P. Stedman, $25.50; E. W. Baker, $12.50; D. R. Moore, $104.75; J. M. Fay, $15; Rosa M. Shattuck, $40; W. White, $10; Berkeley Electric Lighting Company, $25.

AN EVENING WEDDING—Miss Nettie F. Miller and F. W. Wetmore were married Tuesday evening at the residence of the bride's aunt, Dr. Ellen Moore, 2600 Shattuck avenue. The bride is a graduate of the Oakland High School; while the groom is a mining man at O'Neal's, Madera county.

The young couple will spend the honeymoon in the South.

THE FRENCH COURSE—The following will act as inspectors of the classes in French which will be taught in the Dwight Way and Whittier Schools: Mme. Paget, Mrs. Pennoyer, Mrs. Meyer, Mrs. Breck, E. B. Lamare, George Robertson.

PRIVATE SCHOOL OPENING.

Bonne's University School and Miss Head's seminary open next Monday.

NUTTING RECOVERING.

Frank Nutting who was injured in a runaway accident at Shasta Retreat is slowly improving. He will not be able to leave his bed, however, for some time.

GOLDEN GATE.

GOLDEN GATE, Aug. 3.—It has been decided to have five booths at the coming Catholic fair. There will be a Golden Gate booth, an Emeryville booth and a Lorin and Ashby booth. Fancy articles will be retailed from those. Then there will be a refreshment booth and an ice cream and candy booth.

The ladies in charge will be as follows:

Golden Gate booth—Mrs. J. H. Mahoney, Mrs. J. H. Rourke, Mrs. H. Westphal, Mrs. A. J. Arnold, Mrs. E. Carriss, Mrs. J. J. Regan, Mrs. Lizaboo, Mrs. W. N. Sweeney, Miss Bessie Doyle, Miss Lydia McMahoney.

Lorin and Ashby booth—Miss Josephine Cary, Miss Agnes Cary, Miss Kate Wheeler, Miss Agnes Wheeler, Miss Annie Delaney, Mrs. D. J. Keane, Mrs. H. Keon, Mrs. Burns.

Refreshment booth—Mrs. P. Lynch, Mrs. Scribbs, Mrs. Patton, Miss Sarah Young, Miss A. Hickman.

Ice cream booth—Mrs. Finn, Miss Jennie Poladeau, Miss Tilie Doyle, Miss Maggie O'Connor.

IMPROVEMENT CLUB TONIGHT—The Golden Gate Improvement Club will meet tonight in the Dewey Club rooms.

L. H. Burns, cashier of the Redwood City Bank, visited Postmaster McBride yesterday.

MT. EDEN

MT. EDEN, Aug. 3.—J. Wesley Moore is spending a few days in San Francisco.

The tomato crop in this section of the county is looking fine, and a good yield is expected. The farmers who are raising tomatoes are J. C. Peake, A. W. Schafer, E. W. Wende, F. Downs, H. N. Bothsow, E. Clawiter and L. Graham.

We understand that several of the young men of the town are planning a pleasure trip to Honolulu in the near future.

Quite a number of the young people from here attend church at Haywards on Sunday evenings.

A. A. Oliver, who was reported sick the first of the week, is around attending to business again.

George C. Petermann and wife spent Wednesday in San Francisco.

Fred Tolsen, with the assistance of A. Petersen, fixed up the interior of G. C. Petermann's store in a very artistic manner.

The Mt. Eden Whist Club will hold its first meeting of the season on Saturday evening, August 12th. All are invited to attend. The meeting will take place at the Wigwam at 8:30 sharp.

F. C. Weber is slightly under the weather.

Roadmaster Gansberg is kept busy putting in culverts.

H. S. Petermann, J. C. Peake, H. N. Bothsow and E. Clawiter took a flying trip to San Francisco Thursday.

CENTERVILLE.

CENTERVILLE, Aug. 3.—Cards are out for an "at home" by Miss Alice Olney at the Olney House, Friday evening, August 4th.

A little daughter arrived at the home of M. Griffith last Thursday.

Mrs. G. W. Patterson and sister, Miss Hawley, left for Sitka Monday on a pleasure trip.

On Wednesday morning a horse driven by Miss Jackson of Alvarado became unmanageable in the high school yard. It broke away from the buggy, wrecked a bicycle, and after clearing a fence or two in its path left, presumably for home, with the remnants of the harness on its back.

Miss Minnie Hart returned to Oakland Saturday after a six weeks' vacation with her aunt, Mrs. A. Leonhardt.

The beautiful new cottage being built for H. Lynch is now in the hands of the painters.

Supervisor Wells paid Centerville a visit on Wednesday.

C. Plummer and family returned home from Monte Hall Springs on Tuesday.

A letter from the Rev. E. P. Shier tells of his safe arrival and camp life on the shores of Lake Tahoe.

NILES.

NILES, Aug. 3.—George Fisher, the veteran baseball player, is down to business again at the station. George spent two weeks hunting in Humboldt county. He has a line lot of bear stories on hand. George says that he did not want to be bothered bringing the bears home.

W. H. Champion and his son Joe have been enjoying a deer hunt in the mountains.

William Catterlin of Elmhurst has completed the work of renovating the Union High School building.

The Southern Pacific pay car was recently at Niles. About $800 was distributed among the employees of the company in this district.

EMERYVILLE.

EMERYVILLE, Aug. 3.—The list of uncalled for letters at the postoffice is as follows: Charles E. Archer, Patriek Burke, Mrs. Thomas D. Glover, J. M. Leavitt, Joseph T. Malone.

TROUBLE AHEAD—There is liable to be a warm time when the municipal campaign opens. Prior to the last election Marshal Cushing agreed, so it is said, that if he were elected he would be satisfied to retire at the end of the term which will be next spring. It was generally understood that Morris Lane, now Deputy Marshal would succeed Cushing. The marshal now states that he has not yet made up his mind as to his retirement, and Lane's friends are doing a great deal of thinking.

J. Garner and family have moved into the Englehardt residence on Summer street near Adeline.

T. Page has sold his residence on Spring street to an Eastern party.

SAN LEANDRO.

SAN LEANDRO, Aug. 3.—Louis Homeier, the leader of the Macdonough Theater orchestra, is the victim of a local practical joker, so is Prosper Godchaux of the Estudillo House.

In last Sunday's Examiner appeared a march composed by Mr. Homeier. Mr. Godchaux is a friend and admirer of the talented musician, and he asked a local disciple of Orpheus to render the march on the hotel piano. The said disciple is somewhat of a joker, and instead of playing the march, rendered one of his own compositions. Godchaux was in ecstacies of delight, and the townspeople, who had gathered to hear the rendition took their cue from the landlord and applauded vociferously.

A few days ago Homeier wandered into town, and Godchaux insisted on the local pianist rendering the march for the composer's delectation, neglecting, however, to disclose Homeier's identity. The player again perpetrated his little joke, to the composer's horror and wrath. The joker is actively engaged at present in keeping out of Godchaux's way.

C. L. Johnson is building a residence on the Cameron tract.

Mr. and Mrs. J. W. Haas have returned from a camping trip to Ivy creek.

T. B. Cunningham of San Francisco spent Sunday with Justice Quinn.

HAYWARDS.

HAYWARDS, Aug. 3.—John Schwartz has returned from Capitola.

George Rex has recovered from his recent illness.

Dr. Luella Cool will soon return from Carson.

Otto Hahn has gone to Los Angeles.

Oscar Walpert has entered the employ of Adam May.

Benjamin Jordan is visiting friends here.

STATE UNIVERSITY.

STATE UNIVERSITY, Aug. 3.—The University re-opens on the 17th. It is believed that the incoming class will exceed last year's class in numbers.

During the absence of Professor Howison, who is enjoying a year's leave of absence in Europe, Professor Stratton will be at the head of the Philosophy Department.

Professors Moses, Slate and Magee have returned from their vacations.

ALDEN.

ALDEN, Aug. 3.—The Improvement Club will hold a meeting this evening. It is expected that another attempt will be made to elect delegates to the Central Club. A motion to that effect at the last meeting was defeated by one vote.

SCHOOL RE-ROOFED.—The work of building a new roof on the school has been completed.

George Howard will soon return to Alaska.

The Thomas building has been recently repainted.

ALLENDALE.

ALLENDALE, Aug. 3.—Mr. Nygren gave a very enjoyable musicale to a party of ladies and gentlemen at his residence on Glen avenue last Sunday.

Mrs. Lovejoy and Miss Lovejoy, who have been the guests of Mr. and Mrs. George Fink, will soon leave for Berkeley, where they have rented a cottage. Miss Lovejoy will enter the University.

MORE BUILDINGS—Contractor Marshall is figuring on plans for three houses.

LORIN.

LORIN, Aug. 3.—C. Welman is renovating his store at the corner of Alcatraz avenue and Adeline street.

H. D. Bruner, the blacksmith, has removed to Santa Rosa, where he will go into business.

Miss Enid Bird has returned from Martinez, where she was visiting friends.

Miss Lou Chaloner leaves for the country next Monday.

IRVINGTON.

IRVINGTON, Aug. 3.—Mrs. Weeks has returned from Alvarado, after a two months' visit with her daughters, Mrs. Babb and Mrs. W. Blagow.

Rev. Frank Ford and wife were recent visitors at San Jose.

Capt. Morine has written a letter from Dawson City stating that he has won his case against his crew, and that they are now in jail, accused of piracy.

LIVERMORE.

LIVERMORE, Aug. 3.—Tuesday evening about 8:30 some wag in the lower end of town started a report of there being a horseless carriage in front of the postoffice. About fifty persons started up to inspect the new vehicle, but found on their arrival that it was only a buckboard to which two white mules were harnessed.

An inquiry with a reward of $20 has been received here looking for James Beatty or his heirs. Beatty was a farm laborer and worked on various farms in Alameda county prior to 1880. Should he be found alive a liberal reward will be paid, but if dead the informant will receive $20 by giving date and place of death.

Livermore Valley has been poorly represented of late at State fairs. A meeting should be called by some of our leading citizens looking toward getting up an exhibit of our wines, fruits, cereals, hay and other products that our valley is justly famous for.

A. B. Wagonus distillery has closed down for a few days and a shipment of brandy will soon be made to New York.

The annual reunion of the reorganized Church of Latter Day Saints is expected to be held at Livermore commencing September 1st.

The county road between Livermore and Pleasanton is now sprinkled twice a day. When the electric lights are strung along this highway it will be one of the prettiest drives in the county.

Supervisor Tom Wells was in town yesterday looking after the county business in this section.

Mrs. A. L. Fuller expects to leave for Pacific Grove on Saturday for a few weeks' outing.

J. J. Johnson and wife of Oaklandhave moved into one of their recently purchased cottages on Livermore avenue.

Dr. B. H. F. Pitts has moved into the Dutch Cottage on I street.

Miss Tottie Mitchell is visiting friends at Tesla.

Wilber E. Still of the Livermore Echo was in Oakland on Saturday.

Mrs. J. C. Stanley has returned from a visit to Yountville.

Attorney William Bailey of Lodi was in town yesterday on legal business.

Mrs. S. J. Creswell has gone to San Francisco to meet her son, who is expected to arrive from Manila on the hospital ship Relief.

Wm. M. Mendenhall has again taken the management of Mendenhall Springs, succeeding Dr. Pitts who is to engage in other business.

Wendel Jordan has returned from a ten days' visit to Capitola.

C. L. Victor and family have returned from Santa Cruz.

Mrs. Albert Weymouth is at Grass Valley on a visit to her mother.

Mrs. M. Schoenfeld and family returned from Santa Cruz Wednesday evening.

PLEASANTON.

PLEASANTON, Aug. 3.—Byron D. Morrill, father-in-law of Deputy Sheriff George Taylor, has returned from Dawson City where he has been mining for the last two years. He reports hard times in Alaska. Of 14,000 claims being worked he says there are only 170 that are paying. Thousands of men there cannot find work enough to earn a grub stake to leave the country.

The town of Pleasanton is preparing to have an electric light plant there. The plant will be run from the Blue Lake line that is now being built around the bay via Alviso, to San Francisco.

Miss Elsie Benedict, who has been spending some three weeks in the Yosemite Valley with friends, has returned to Pleasanton.

Rev. R. Logan and family have left on their camping trip to the Monda.

A fine acetylene gas machine was placed in Trimingham Bros. store at Sunol. The new lights caused considerable comment and admiration among the Sunol people.

A Famous Specialist.

Dr. Aborn of San Francisco has returned to that city after an absence of many years. Dr. Aborn, who made so many remarkable cures of throat and lung diseases in that city in the early '70s, is now located at 854 Sutter street. He makes a specialty of the eye, ear, nose, throat and lungs. The doctor has published a book entitled "An Essay on the Curability of Consumption," and it well deserves the careful attention of any one afflicted with that unfortunate disease.

A CAIRO MARRIAGE.

At Cairo the bride is conducted on foot to her new home, walking under a square tent or canopy of silk of some gay colours, such as pink and yellow, carried by four men by means of poles at the corners. Her figure is completely enveloped in a red cashmere shawl, and supported on either side by a matron. The procession is headed by musicians; after them walk some couples of women and young girls, all shrouded, the former in black and the latter in white silk barracks. In the center is the canopy, and the rear is brought up by attendants and more musicians. The procession invariably turns to the right on leaving the house, generally taking a circuitous route through several of the principal streets for the sake of greater display, and devoting three or four hours to the journey.

Towards evening the bridegroom is conducted by his friends to the bath, and afterwards to the mosque at the hour of the fifth namaz. If he is a young man, and this is his first wedding, he may, like the bride, be honored with a zeffeh, or procession, on this occasion, and goes to the mosque accompanied by a numerous party, and attended by musicians and men bearing meshals, or cressets filled with pitch pine chips. The imam accompanies him home, and, arrived at the door of his dwelling, pronounces a benediction, all present joining in the refrain of "Amin, amin!" The bridegroom entertains his friends awhile in the selamlik, and then, leaving them to the enjoyment of their pipes and coffee, he proceeds to the women's apartments. If he be young, it is considered proper for him to simulate at least some degree of bashfulness at meeting his unknown bride, and two of his friends perhaps carry him half way to the haremlik, or push him through its doorway with smart blows on the back, throwing after him with no gentle hand some of the overshoes always to be found in the ante-room of a Turkish konak.

As the happy man proceeds upstairs he comes upon a bowl of water, which he upsets with his foot, scattering the contents in all directions. As he enters the nuptial apartment the bride rises and salutes him by kissing his hand. A veil has been thrown over her head, and the bridegroom, as he removes it, gives her a present of money or jewels, which is termed "the price of the uncovering of the face." He then spreads the veil on the floor and kneels on it, while he recites a prayer, the bride standing meanwhile behind him on its edge. The couple are then seated side by side on the divan, while the old attendant shows them in a mirror the reflection of their united faces, uttering at the same time conventionally exaggerated good wishes for their happiness. After serving them with coffee, this mistress of the ceremonies leaves the pair to make each other's acquaintance while she superintends the preparations for their supper. The hour of this meal depends, however, on the humor of the bride, whose shyness or obstinacy must be overcome to the extent at least of making her speak to her husband before he can assume any authority over her. Brides are generally advised by experienced matrons, not to respond too readily to the advances of their bridegrooms, who are, indeed, occasionally compelled to resort to stratagem in order to break the magic spell of silence. A word once elicited, the happy man claps his hands, and the boulavouz brings in supper, which consists of eggs, sweets and fruits, meat being excluded from this meal, in the belief that to indulge in it on this solemn occasion would lead to future bickerings between the couple. Public festivities are meanwhile continued in both the haremlik and seramlik of the house, at which all the bride's party are entertained.—English Woman.

COUNT ITO'S WIFE.

A Japanese lady is noted for her courage, her strength of mind and self-possession. It is wonderful to think what physical trials and dangers these fragile little creatures will undergo in an emergency. The late prime minister's life was saved by the courage and presence of mind of his wife.

Many years ago, when quite a young woman, during a rebellion, Count Ito was hiding from his enemies, who, having tracked him to his house, sent a band of "soshis" to assassinate him. On hearing his enemies approaching, and trapped like a rat in its hole, the count drew his sword and prepared to die; but the countess whispered: "Do not die; there is hope still," and, removing the "hibatchi," or fire box, and lifting up the mats and the planks beneath, she induced her husband to conceal himself in the hollow space which exists under the floor of all Japanese houses. The murderers broke into the room just as the fire box had been replaced, and demanded of the countess their victim. In vain they threatened and cruelly ill-treated her, dragging her about the room by her long black hair. But it was of no avail; they could not shake her resolute fidelity. Thanks to her courage Count Ito escaped, and has lived to give to his country a new constitution, and become one of the greatest statesmen of modern Japan. I often wonder when I see the countess, now a delicate, gray-haired little lady, at the courage and presence of mind that she displayed at that critical moment of her life.—From the Cornhill.

CASTORIA.

Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

From a G. A. R. Man

"My attack of miller's Asthma was very bad. I was afraid to lie down at night for fear of smothering. I couldn't get my breath. No matter if all the doors and windows in the house were open, it seemed as if there was no air and that I must surely smother to death. Mr. W. B. Long, of this city, called my attention to Acker's English Remedy for Throat and Lung Troubles. I thought little of it but bought a bottle in the hopes that it might help me a little. It gave me wonderful relief, and the second bottle cured me completely. My recovery is permanent, too, for ever since I have not had the slightest return of my old enemy. I consider Acker's English Remedy by long odds the best medicine in the world for hacking coughs, asthma and bronchitis. It completely masters those stubborn diseases that many people wrongly suppose to be incurable. If sufferers will just try a single bottle, it will prove every word I have said, and more too." THURSDAY.....AUGUST 3, 1899.

If all this alleged discontent reigns among the volunteers in the Philippines, how is it that Otis is so easily able to get recruits for the new regiments he is organizing there? Surely, that is the very best kind of evidence in his favor.

The cases of Senator Beveridge and Minister Storer show how hard it is for public men to go on a quiet little time. It is tough luck to have it cabled all over the world that they are lost, just because they get off the main street for a few days.

The record of the Pennsylvania boys who landed from the transports today well entitles them to a reception as conquering heroes. Sixty-nine consecutive days on the firing line, following up Aguinaldo's retreating army, in addition to being in the thick of the fray at Malate and Malolos, proved the kind of stuff they are made of.

The effort to open the coursing parks across the bay by averring that betting on dogs does not come within the province of gambling, as prohibited by law, savors of the argument to prove that black is white. The big money that is in the gambling business in San Francisco is best indicated by the desperate efforts that are made to keep the games going.

One of the principal hitches in the Alaskan boundary dispute is that England is apparently afraid to advise Canada on the subject. It is a ticklish business, for John Bull does not want to offend Uncle Sam, and at the same time he dare not take a stand that would rile his colonial cousins. He is trying, therefore, to keep in the background, look wise and say nothing.

The easy victory of the Metror over the Britannia lowers the stock of the Shamrock, for it shows that the German Emperor's boat is about on a par with the challenger. Now as the Metror, in the days when she was known as the Thistle, was easily beaten by the American yacht, the Volunteer, it figures out that the Shamrock will have no chance with the Columbia, for the last-named boat can certainly show her heels to the Volunteer.

PURIFYING THE STATE.

Governor Gage's scathing remarks on the manner in which some of the State institutions are conducted indicate that the official guillotine is soon to be brought into requisition. The culmination of the scandal at Agnews Asylum in a manner that proved beyond dispute the truth of the charges made regarding that establishment, calls, of course, for prompt remedial action, and judging by whisperings that are going the rounds, some of the other State institutions are put in a much better condition.

"It is frightful," says the Governor, "that servants of the people, paid out of the public treasury to maintain at least decency, have shown such utter disregard of the importance of their duties. I intend to investigate the conduct of every public institution in the State."

The Governor's determination should be applauded by every right-minded citizen, irrespective of politics, for no party can afford to shield those who are traitors to even the elementary principles of justice and humanity. To say that "a public office is a public trust" is to a great extent farcical, from the standpoint of the theory upon which many of the establishments are conducted, for the principal object seems to be to find out how much the incumbent can make out of it and how many of his friends he can get on the pay-roll without creating any trouble or scandal.

There are, of course, very many exceptions to this rule, and it can with justice be said that Alameda county furnishes many notable instances thereof. The remarks of Governor Gage show, though, that many of the State institutions come under the ban, as has, indeed been too often proven in the past. Things have come to an awful stage when the helpless inmates of asylums have no protection against immorality and vice that confronts them under conditions that are simply appalling. The weeding out of the unworthy officials cannot be commenced too soon, and it should be pursued until the reprehensible system, and everything and everybody associated with it, has been torn out by the roots. There must be no Augean filth in the State institutions of California.

AN ISSUE FOR OAKLAND.

Auditor Breed's estimates show that if it really comes down to a proposition of running the city on a dollar tax levy, outside of the amount set apart for bond redemption, it can be done. Not only can all the ordinary expenses be met, but the dredging at the city wharf can be accomplished, last year's salary deficit cleared up and enough left over to provide fire and police protection for the annexed district.

The question to be considered, though, is, can Oakland afford to allow another year to roll by without adding any more improvements than those mentioned? Every other city in the West is building itself up and booming its resources, while we simply figure on the basis of not losing ground, instead of on the one of going ahead. It is true that the hour is not very propitious for increasing the tax bills, but at the same time, a "penny wise and pound foolish" policy should be the last course pursued.

Oakland badly needs a great many improvements in the line of parks, streets, the lake dredging, a new City Hall, a library building and so on, and whenever expressions of opinion are obtained from representative citizens by the press, the sentiment is invariably in favor of progress. Whether or not these undertakings should be made by means of bonds or whether the city should directly carry a part of the load each year in the tax levy, is the question. They, or at least some of them, must be made, and it is useless to dodge the issue any longer.

The proposed Building Trades Council in this city will unquestionably be a successful factor for those interests if it is run upon the lines planned. The idea is to centralize the various unions of laborers, plasterers, shinglers, plumbers and carpenters, not necessarily for the purposes of conducting strikes, but so that they will act harmoniously should any issue arise. An organization like the one planned should, in fact, be a preventive of labor troubles, for employers will have an opportunity to arbitrate with a general controlling influence, instead of having to wrangle with any particular element.

The extension of the Free Library privileges to those living beyond the city limits is a wise move on the part of the Trustees. Good literature is one of the refining influences of a community, and it is well to extend the benefits in our possession in every reasonable manner possible. The surest way to get the Greater Oakland we are looking forward to is to give practical illustrations of the advantages of city life.

Hayward has started a Board of Trade. San Leandro should follow suit, and then the two organizations would do well to join hands and devote themselves to building up their particular section of the county. There is no richer part of California than that contained in the Hayward-San Leandro belt.

With a forth coming $250 at Dawson City, it is not surprising that the average of clean-ups made there is by no means commensurate with the population. How the many Englishmen who have flocked in there can get along without their morning "nips" is a mystery that has not yet been explained.

BIDDERS QUARREL BEFORE LAW BOARD.

The Board of Law Library Trustees met yesterday and purchased a few more text books. A number of bills were also paid.

During the meeting H. B. Hambley, representing the book firm of Bancroft, Whitney & Co. of San Francisco, and F. T. Fairclough, representing the Western Publishing Co. of St. Paul, indulged in some lively criticising of each others methods of doing business.

The dispute arose when the bids for books were about to be acted upon. Fairclough asked an extension of ten days in which to file his bid, as he had not been aware that the bids were to be acted upon at this meeting.

Hambley, who had already presented his bid, said Fairclough was aware of the fact that the bids were to be considered and asked that the extension be not granted. He further intimated that it was a very loose way of doing business to wait until the bids were about to be considered and then come in with a plea for more time.

Fairclough said that was none of Hambley's affairs, and that he was prepared to meet any of his prices. He then offered a reduction of 50 cents on an $18 set of books, saying that was more than his rival would offer.

At this juncture the board saw fit to call the men to order, telling them to settle their differences outside.

Fairclough was granted the extension asked. Judge Ellsworth was appointed to receive the bids and award the contract. He was also authorized to purchase the Tennessee and Virginia reports, comprising about 175 volumes.

The board consists of Superior Judges Ellsworth, Ogden and Greene, Supervisor Talcott and Attorney Garrity.

DEWEY CLIMBS HIGHER ON THE LADDER OF LIFE.

The Dewey's patrons have thronged that popular playhouse this week to see "The Ladder of Life." The play is intrinsically strong, and as presented by the Grand Stock Company is a dramatic treat. Leander Stevens in the role of the hero adds to his high reputation by the artistic intelligence of his work. Lorena Atwood and Charles Trimble are also admirable additions from the theatre's patrons. "The Ladder of Life" is elaborately staged, and the scenic effects are realistic and thrilling. All the roles are in competent hands, and the result is a smooth and finished performance. A feature deserving special mention is the song, "Only an Orphan," sung by Marie Wilson as Nan, the news girl.

I hope that Landers Stevens' scheme for a new theater will materialize. He is trying to get financial backing to build a theater on the lot just north of the Central Bank building. We certainly need another theater in Oakland. The people who seek amusement are patronizing the San Francisco play houses this season. The fact is, there is little going on in the amusement line in this city.

I asked the Clerk wherefore this reduction, and he replied: "A new water schedule went into effect on July 1st."

CAKE WALKERS COMING TO OAKLAND.

Oakland will be pleased to know that the International Cake Walk Carnival is to be repeated in this city from August 10th to 12th, with matinees on Thursday and Saturday. The big tabernacle of the Exposition Building which, as everyone knows, has been beautifully trimmed and decorated, carpeted and put in first class condition for any society entertainment, has been secured. The large stage will be built in the center of the Tabernacle; the seats and chairs will be numbered, and there will be ushers in uniform to seat the people, and a covered entranceway will be built from the Eleventh street entrance to the doors of the Tabernacle and walks will be placed. First class music will be provided, and the managers, L. W. Buckley and Charles Leonhardt, Jr., who conducted the carnival in San Francisco, will be in charge of the Oakland Fair.

Some of the best organizations of the city will receive a portion of the receipts for benefits, and the carnival will be most liberally advertised and on a scale equal to that of San Francisco. The office of the management is at the Exposition Building, and rehearsals are now in progress under the direction of Miss Pearl Hickman, for the different cake walk events.

Among the contestants from other cities will be John and Martha Steward, colored champions; J. Walker Cole and lady, R. McMahon and lady, Everett Brown and lady, Ettie Harry Mangels and Ettie Aronson, Johnnie Mangels and Cora Davis, C. G. J. Barr and Miss Leo La Salle, Mrs. L. Hean and her delsartian class, several from Sacramento, San Jose and Stockton, some twenty couples from the city in addition to those named, together with a large number of Oakland amateurs, society and professional cake walkers. There will be beautiful medals and prizes given, and an elaborate program arranged for.

One of the events of the cake walk carnival will be the electric cake walk with several couples and a juvenile couple added to it. The storage batteries and little miniature lamps are being made for the new costumes, and it will be one of the most beautiful ever seen in Oakland.

The admission has been very wisely placed at 25 cents, children 10 cents, and a six-admission coupon ticket for $1.

THE END IS NEAR AT HAND.

A practical cooking school was in session at the Exposition Building in Oakland yesterday afternoon, conducted by Mrs. Dr. Morgan, under the auspices of the St. Helena Sanitarium. A range was in constant service during the session of the school, and various dishes were prepared and served, to show what can be accomplished in the line of healthful cooking with grains and legumes. A lecture upon the food value of the different grains was given at the same time. Mrs. Morgan announced that her lecture and demonstration on Thursday afternoon would deal with flesh foods.

Promptly at 7:5 the choir and orchestra opened the meeting with a fifteen-minute service of song, and Evangelist C. N. Martin took up the subject for the evening, "The Great Prophetic Image of the Second Chapter of Daniel."

The speaker showed by Scriptural references that God's dealings with man are revealed in His word. The Bible shows how God dealt with nations in the past, and also what there is in store for them in the future. The great image mentioned in Daniel reveals four universal kingdoms,—Babylon, Medo-Persia, Grecia, and Rome, the last divided into ten parts. In the days of Rome divided, which is the present time, the God of heaven is to set up a kingdom which is never to be destroyed; that is, God's eternal kingdom. Before that time comes the kingdoms of this earth are to be broken in pieces and scattered as chaff of the summer threshing floor before the breath of the Lord of Hosts.

The speaker urged upon all the necessity of a preparation of heart and character that would enable them to stand amid the turmoils of these troublesome times, which he declared were not far distant.

BOCCACCIO AT THE GRAND OPERA HOUSE.

Von Suppe's comic opera, "Boccaccio," is being sung by the full strength of the Morosco Opera Company at the Grand Opera House this week. Its funny dialogue and bright and catchy songs have delighted the large audiences during the week, and the company is seen to its best advantage. Georgie Cooper makes her first appearance as Isabella, and her clever work has installed her as a favorite. Her part is not a prominent one, but what opportunities she has she makes the most of. Hattie Belle Ladd, in black tights, looks attractive and displays her rich voice to advantage. Edith Mason, in the title role, sings with her usual sweetness and artistic method and adds much to her great popularity with the patrons. William Wolff, Arthur Wooley and Winifred Goff amuse the audience with their funny songs and stage business, and receive much applause. One of the most thrilling exercises ever seen in San Francisco is executed in the last act by thirty shapely chorus girls. The beauty of it is marred, however, by the lights thrown upon the stage. "Falka" will be sung next week.

CENTRAL CLUB IS ORGANIZED.

Delegates Agree Upon a Name and Get Ready for Business

The delegates from the various improvement clubs for the formation of a Central Improvement Club met last evening at the rooms of the Merchants' Exchange to hear the report of the committee appointed on by-laws and regulations. Chairman Giles H. Gray and Secretary B. H. Welch were both present.

The following delegates were present: Giles H. Gray, B. H. Welch, Samuel Swift, Charles D. Hayes, E. C. Bowman, Charles Des Cormiers, George S. Nalsmith, C. A. Chichester, N. J. Herby, J. S. Wixson, L. W. Forsting, F. W. Fernhoff, J. R. Dewar, R. M. Price, W. W. Morrison, George W. Druke, Dr. L. A. Teague, F. Koenig, A. F. Coffin, H. T. Burns.

While some of the committee were not ready to report, others wished the club to take up the matter of by-laws and a name for the organization, as the committee did not seem to be able to come to an agreement.

R. M. Price submitted a set of by-laws which he wished the delegates to consider and refer to the committee appointed on by-laws.

C. A. Chichester wished the club to consider the set of by-laws which had been offered by him some time ago, and which had been partly considered by the committee. He made a motion that the by-laws be considered.

Mr. Price thought his by-laws should also be considered.

Mr. Morrison thought the committee should make its report before the delegates took up the matter.

Others were of the same opinion.

J. S. Wixson said that the delegates should take some action or the people would think there was not going to be anything done.

Charles Hayes thought some action should be taken toward securing by-laws.

Mr. Morrison wanted to know what was to be done with the committee and its report. He thought the first thing to be done was to discharge the committee.

Charles Des Cormiers thought that the committee might stand and complete its work later.

The motion of C. A. Chichester to consider by-laws was then carried.

Mr. Price said that several of the members of the committee had not been notified of the meeting, and that some were not present. He understood that the committee had decided to report progressively, as all the provisions of the by-laws had not been considered.

Dr. L. A. Teague said that the work was not completed.

Chairman Gray said that it did not make any difference what action the committee had taken. The delegates could overrule anything that had been done, if they saw fit.

The chair then read the by-laws submitted by Mr. Chichester, after which those submitted by Mr. Price were read.

S. Swift moved that the items of each be taken up seriatum and acted upon.

Mr. Des Cormiers seconded the motion.

Mr. Wixson wanted to know if the items of each set were paralleled, so that they could be considered together.

Chairman Gray compared the action taken by the improvement clubs to that taken by the thirteen colonies when they sent delegates to form a Congress, leaving the power of each the same. There would be no need to refer actions back to all the improvement clubs. The new club would be an entity itself and would take independent action.

The preamble of Mr. Price's by-laws was adopted without discussion.

When it came to the naming of the organization almost as many names were offered as there were delegates present. Some of the names suggested were the Associated Improvement Clubs, the Allied Improvement Clubs, the Improvement Clubs Association, the Union Improvement Club, the Improvement Clubs Union, the Central Improvement Club, the Central Club of Improvement Clubs.

The name finally adopted was the Associated Improvement Clubs of Oakland. This was done on a vote of 13 to 2. A number of delegates did not vote either way.

Article No. 2 of Mr. Price's by-laws was referred to the committee, as the delegates could not agree on a proper wording.

The following articles from Mr. Price's by-laws were adopted:

Preamble. This organization shall be an association of the improvement clubs of Oakland, formed for mutual support and joint effort, to accomplish the purpose hereinafter mentioned, and shall be governed by the following constitution and by-laws.

"Article 1. The name of this organization shall be the Associated Improvement Clubs of Oakland.

"Its object shall be to secure for the citizens of Oakland a large and more beautiful city, with improved streets, sewers and parks, with increased business activity and facilities, and with greater commercial possibilities.

"This organization shall not participate in politics, nor admit to its association any political club or society.

"Article 6. The officers of this club shall consist of a president, vice president, secretary, treasurer, marshal, an executive committee of five, a finance committee of three and a membership committee of five. All of whom shall be elected at the annual meeting of the Board of Delegates, and shall hold office for one year after their election and until their successors have been elected and have accepted office."

On motion of Mr. Price the remainder of the by-laws were referred to the committee to be acted upon.

The delegates then adjourned to meet again in two weeks to perfect a permanent organization.

GOOD RACING NEXT WINTER.

Handicapper Brooks Returns From a Tour of the East.

J. W. Brooks, who has been handicapper at the Oakland race track for the last three years has just returned from an Eastern pleasure trip.

While East he visited many of the principal cities, stopping at Chicago, St. Louis, Cincinnati and Louisville.

He reports fair meetings at all of these places.

Mr. Brooks spent a month at St. Louis attending the meeting there.

He states that most of the California stables will be shipped back to this State at the close of the St. Louis meeting, August 25th.

Cesar Young, H. L. Jones, J. F. Fogg and D. Honig all intend to ship their horses direct to Sacramento.

Mr. Brooks declares that there has been no racing in the Middle West to equal that seen in California.

"Burns and Waterhouse," he said, "raced but six horses at St. Louis and yet were the second largest winners there.

"I believe if E. Corrigan and Burns and Waterhouse had attended any meeting in the Middle West they would have won four-fifths of the races.

"People here did not really appreciate the good racing we had," he continued. "For the good horses we had here can win anywhere in the United States.

"John Bright was decidedly the best horse in the handicap racing of the Middle West. Prince McChesney, owned by W. B. Applegate won the Latonia and St. Louis Derbies and was about the only three-year-old of any class. Conqueror, to my idea, was the best two-year-old there was in the Middle West.

"Two of the best horses coming to California are Crockett, owned by Cahn brothers and Fausturo, who beat Doctor Shepard at the St. Louis races.

"Most of the men from here are coming back and there will probably be more here than there has ever been before. Local horses are returning early to take part in the races at the fairs at Sacramento, Oakland, Los Angeles and other points. The prospect is good for successful meetings at all these places and Butte is not near so successful as it is in California, because horses cannot stand continual training in the hot weather.

"The jockeys at the St. Louis meeting are the worst lot on the face of the earth. The jockeys riding the winners there could not get a mount out here. Jockey Houck, who did not ride but two winners here last season is the best man there.

"This is chiefly because so many meetings occur at the same time during the summer season in the East that the good jockeys are pretty well scattered, while all the good mounts come here during the winter as there is no racing anywhere else.

"The prospect for good meetings here during the coming season is promising."

THE LIQUOR DISEASE

Cured in Twenty-one Days.

The Connelley Liquor Cure Co., which has met with such wonderful success in Northern California in curing those addicted to the liquor disease, has permanently located in Oakland. This cure is endorsed by some of the most prominent professional and business men in the northern part of the State. It is the only *safe and permanent cure* known today, having a record of six years of remarkable success. It has never been known to fail to cure however bad the case.

"Knowledge is power." There is one kind of knowledge that is power and prestige in the hands of a woman. It is the knowledge of her own nature, her own physical make-up and the home-treatment of diseases peculiar to her sex. There is a great home medical book that teaches all this. It is Dr. Pierce's Common Sense Medical Adviser. Over 1,200,000 American homes contain copies of this work. It used to cost $1.50; now it is free. For a paper covered copy send 21 one-cent stamps, *to cover mailing only*, to the World's Dispensary Medical Association, Buffalo, N. Y.; French cloth binding, 31 stamps.

This great book tells all about a medicine that is an unfailing cure for all weakness and disease of the delicate organs distinctly feminine. That medicine is Dr. Pierce's Favorite Prescription. During the past thirty years many thousands of women have used it with marvelous results. It imparts health, vigor, virility, strength and elasticity to the organs that bear the burdens of maternity. It fits for wifehood and motherhood. Taken during the period of gestation, it makes the coming of baby easy and almost painless. It completely banishes the pain and misery that are the result of a woman's neglecting her womanly health. An honest medicine dealer will give you what you ask for, and not try to persuade you to take some inferior substitute for the little added profit he may make thereon.

Mrs. Jas. Schaffner, of Freemansburg, Northampton Co., Pa., writes: "It is with pleasure that I write to let you know the great good I have received from your medicines and the local self-treatment at home. I was troubled with female weakness, had pains in my back all the time, sometimes so severe that I could not lie in bed at night. I tried different doctors but they could not help me. Then my husband got Dr. Pierce's Common Sense Medical Adviser, and induced me to try Dr. Pierce's medicines. After taking six bottles of the 'Favorite Prescription' I feel like a new woman."

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

HELEN L. KELLEY ANSWERS ENEMIES.

Declares Her Management Did Not Wreck Associated Charities.

Oakland, August 1, 1899.

Editor Evening Tribune:—Will you allow me space in your valuable paper to endeavor to exhonerate myself in the estimation of the public in regard to the present condition of the Associated Charities of which I have been superintendent and secretary for the past six years.

"Certain reports have reached my ears during the past few days that I have injured the Association, which could do so much good for the poor of this city. These reports, I presume, were started by those seeking my position and in justice to myself and the many friends that have supported my superintendency I desire to place before the people the true state of affairs of the Associated Charities and let them be the judges whether I have been instrumental in causing the present financial conditions.

"August 7, 1893 I assumed charge of the office after having been elected by 17 votes out of 25, with 2 candidates in the field. The treasurer of the society had in his possession the sum of $85.5 and the retiring superintendent handed me $38.86—Oakland benevolent money which is always used for relief work. I at once, being ably backed by the Board of Directors under whom I worked, set about commencing the re-organizing of the Association. I found the society in debt, bills not paid for months, and I owed about five weeks and means to right matters. With the earnest support of the daily papers an appeal was made to the good people of Oakland who subscribed $1,310.5 towards the work. During my administration up to September 1, 1898, the society has received the sum of $25,941.44 which includes the city appropriation. I handled 5,050 applications for relief. The Free Employment Bureau was opened and 1,122 different persons have received work and the sum of $2,811 has been earned by these people. Besides this on September 3, 1895, a woodyard was opened which has given employment to 8,400 men and although the yard has not been in constant operation since that time up to the present the sum of $1,171.20 has been paid to these men in meal tickets, bed tickets, grocery orders and ferry tickets.

"On August 7, 1898, the Employment Committee entered into a contract with Mr. Bell to assume control of a laundry to be known as the Associated Charities Laundry. On October 21, 1898, it was found necessary to place the laundry under the sole control of the Association and from that date until its close July 8, 1899, 31 different persons were given employment and the sum of $1,589.25 was paid to the employes.

"Fully believing that 'Cleanliness is next to Godliness' some of the liberal contributors to our work built us a bath house in which in a short time 182 free baths were given.

THE REASONS.

"This has been the work done by the Associated Charities of Oakland and now what has caused the present financial straits? In the first place we commenced the fiscal year with a balance in the treasury of $18.27. We negotiated for 50 cords of wood for the winter trade. This wood had all been moved to the lot which Miss Clabo had so kindly gratuitously allowed the Association the use of for a long time. Our bath house had just been erected with sewerage extending from Franklin street, when we received notification that we should vacate. The cost of moving wood, bath house, and woodyard office was $140. The suggestion then was to consolidate the whole business of the Association which included a central office, woodyard, laundry and bath. The Bacon Land & Loan Company's proposition was the most favorable which we received and finally the Directors of the Associated Charities agreed to place the building on the Bacon property in condition for the Central office and laundry. This was done at an expense of $278.81, having to rent to pay for the first year which ends December 1, 1899.

"The laundry was a losing business from the start. I had no control of it, only receiving the moneys given me from it and paying its bills by warrant. With regard to the woodyard I only received the moneys paid for sales of wood which moneys I paid out on order of the president.

"An indebtedness of $1,0.0 is before us. The laundry, woodyard, and baths are closed; these opposite leave no debts to the public during the present fiscal year. The Thanksgiving offering gave us $94.25. The chain letter helped us $205 and the Joaquin Miller lecture gave us $50. Having the interest of the poor of the city so much at heart as I have, would it be likely that I would have placed the Association in such financial straits and then leave it to have its difficulties settled by a stranger.

"Do not the following statistics show that I have worked for the poor of the city, when in one department alone the sum of $3,013.85 has been distributed during the past ten months, that sum being the money received for day's work furnished from our office.

"During the past five years I have visited 3,393 homes and whereas in the year beginning September 1, 1895, and ending September 1, 1896, there were 1,458 applications for relief. During the past year the number of applications were reduced to 888. The days of employment have been raised from $196.45 per year to $1,744 per year.

"The grand work done by the Red Cross Society has done much to lessen our income, in fact I am sure the public will agree with me when I say that the past six years have been a tax upon every one.

"I fully believe that the charitable work of Oakland could be so systemized so that no person need go hungry or die from improper food or lack of medical attendance. Respectfully,

"MRS. HELEN L. KELLY,
"1005 Washington street."

TARDY WITNESS SCORED BY JUDGE.

Judge Greene interrupted the proceedings in his court yesterday afternoon to give Mrs. Mary Gooby a sharp reprimand for being late.

"You heard my remark this morning did you not?" said his Honor sternly. "You were over a half hour late this morning and I warned you to be here this afternoon promptly at 2 o'clock. Now when I tell you to be here at a certain time see that you obey the order."

Mrs. Gooby attempted to explain that her household duties had been responsible for the delay.

Judge Greene, however, cut her off shortly, saying "Sit down, sit down, I won't have you talk back to me. Don't let me hear from you again."

Under this volley Mrs. Gooby subsided.

Secretary Will Speak.

The General Missionary Secretary of the M. E. Church, South, the Rev. Dr. W. F. Lambuttter, is to speak at 7:30 this evening at Asbury Church, corner Fifteenth and City streets. The doctor is to take passage on the Pekina next Saturday, en route to Japan, Korea, and China, on an inspecting tour of the various mission stations of the church in those countries. He will need no interpreter, as he was born and reared in China, and has spent a number of years as a missionary in China and Japan. His father died while in the service of the church in Japan where his mother still labors. He is said to be a fluent speaker, whether he uses the Mongolian tongues or English.

MAY SEIZE A STREET.

City Council Proposes to Open Up Water Street.

Mayor Snow's Patrol System Comes Up for Discussion.

Committees Discuss Matters of Interest to the City.

If the report of the Council Committee on Wharves and Water Front, in the matter of the ownership of Water street, is adopted by the main body, there will be a seizure of that thoroughfare before long in the name of the city of Oakland. Wharves will be built, and the available water front of the city will be extended from the west side of Franklin street to Broadway.

The committee last night recommended that the Board of Public Works estimate the cost of a survey of the street in question from Franklin to Broadway with a view to speedily taking possession of the property.

Mr. Schaffer's resolution taking possession of the street and otherwise improving the water front was under discussion, and in this connection the following from the City Attorney was read:

"Water street is undoubtedly a public street, but it is involved in the same litigation (water front), and it would simply give rise to useless litigation to proceed with the opening of said street as suggested in said communication (of Mr. Schaffer).

"When a decision has been reached in the said principal water front suit, now pending before said Superior Court, the rights of the city in and to Water street, Broadway street and such other streets as are alleged as extending over the water front will be finally determined."

Mr. Schaffer said the City Attorney was undoubtedly correct when he said Water street was a public thoroughfare, and yet on a part of it was the sign "No thoroughfare," presumably to avoid damages because of accident.

Mr. Dow said that the opening of the street would lead to another law-suit.

Mr. Cuvellier said the property was leased from the Crawford estate or some other corporation under which the Southern Pacific is known. They had already tried to get the nominal owners to deed the unused half of the street to the city. All of the owners were willing to do it, but the attorneys objected. He was in favor of taking possession of the street, although Mr. Dow had said that such an act would lead to litigation.

Mr. Schaffer said that that was only Mr. Dow's opinion.

Mr. Mott said that if taking possession of the street did not injure the other cases in the water front litigation, he would be in favor of opening the street.

Mr. Dow said that an injunction would be gotten out to restrain the city from taking possession of the street, but that the act of seizure would not affect the other suits, because the anticipated decision of the original case would dispose of the move one way or another.

The Mayor asked Mr. Schaffer what he would do with the street.

Mr. Schaffer replied he would build docks and bulkheads.

Mr. Snow said that W. L. Reed had built the dock and strung out the planks. He was in no doubt that the courts would follow the Chicago decision and give the city the benefit of all it had done down there.

The matter was recommended referred to the Board of Public Works to have a survey of the street made.

In the matter of building a pier and improving the west water front for commercial purposes, as suggested by Mr. Mott, the committee recommended the appropriation of $200 with which to get a survey and other data of the site of the proposed improvements.

FINANCE COMMITTEE.

The claim of D. C. Hinsdale for $33.33 for eight days' work in April in the Auditor's office was recommended rejected. Mayor Snow said Hinsdale had helped to balance the books, but had done so without his order.

The Board of Public Works were recommended to have street signs put up in the annexed district at a cost not to exceed $300.

The Mayor asked for the status of the report of the Board of Works upon the question of a separate supply for the City Hall and the City Hall plaza, which had been made some time ago. The bills for water were coming in and they were very high.

Mr. Mott said it had never been before the committee.

The Mayor said that it ought to be before the Council, as it had been sent in and contained recommendations.

The Clerk stated that the resolution and report could not be found and a new resolution was recommended.

LICENSE COMMITTEE.

The long-drawn-out fight of E. Burley of East Oakland for the recovery of $4 paid to the Poundmaster's deputies for the release of a cow impounded came up before the License Committee last night. Mr. Girard occupied the chair. It had been charged that the deputies had taken the cow, so to speak, out of the hands of the owner while he was walking along the thoroughfare with the animal.

Deputy Poundmaster Farrell stated that on the 20th of June, on Twenty-fourth street and Eighth avenue, he had seen Burley standing on the inside of the walk grazing his cow. The speaker and another deputy were driving down the street at the time in a buggy. It was not the first time that they had seen Burley doing the same thing. In fact, he claimed that Burley made a business of it. He and the other deputy jumped out of the buggy and claimed the cow and demanded $4 for her surrender. Farrell refused to grant Burley's request to surrender the animal before getting $4, for which he gave Burley a receipt. Burley at the time stated that he was grazing the cow in front of property belonging to a man who said he was going away and that the cow might just as well keep the grass down.

Deputy Swift testified to the same state of facts. Burley, he added, pulled the cow up when he saw the deputies get out of the buggy, and when the cow was seized she was midway between the sidewalk and the fence. Burley wanted to pay the money under protest, but was not allowed to do so in the receipt.

Mr. Burley denied that he had made any such remark as attributed to him. He declared that he had rented the premises in front of which he had been grazing his cow from Lawyer Robinson and the San Francisco Savings Union. His cow, when caught, had just dropped her head and had taken a few mouthfuls of grass. He wanted to know whether there was a limit to the Poundmaster's authority.

Mr. Girard asked if it had not been a habit of Burley's to graze his cow on the sidewalk.

Burley denied that such was the case.

Mr. Girard said that he felt the ordinance was too severe, because it prevented the grazing of a cow even while held by the owner. The ordinance, he said, ought to be changed. At the same time the Poundmaster had but done his duty when he saw a cow grazing on the sidewalk.

Farrell said that three weeks ago he had seen Burley grazing a cow on Twenty-fourth street between Eighth and Ninth avenues, and that Burley had said that he could not see any harm in grazing his cow on the walk.

Mr. Barstow said he thought it was a pretty tough case if a man could not graze his cow or let her take a bite. He thought the $4 ought to be refunded.

Mr. Upton said that it appeared that Burley had been leading the cow along the sidewalk and that he did not think the $4 ought to be returned. He could not vote to refund the money.

On motion of Mr. Stetson, the matter was referred without recommendation to the Council.

LICENSE COMMITTEE.

In the matter of the granting of a liquor license to Christianson & Shaw, 851 Washington street, a delay was ordered until Mr. Girard should visit the place and report as to whether or not a partition in front of some back rooms had been taken down in the place.

Licenses were recommended granted to H. F. Hennings, 811 Alice street; E. C. Ellis, 559 Eleventh; John Thommen, 858 Washington; L. Fuchs, 801 East Fourteenth; H. A. Kohler, 1466½ Seventh.

STREET COMMITTEE.

The City Clerk was instructed to draw up a resolution of intention with regard to the grading of Third avenue near the property of George Grant, between East Eleventh and East Sixteenth street, and the latter was to give deeds to the property to the city affecting the property to be taken for the thoroughfare. The right to macadamize by private contract was granted to Mr. Grant.

S. J. Benson demanded the return of gravel which he alleged, belonged to him and which had been sold to the city. He said he had had an understanding with Mr. Hunt of East Oakland that the city wanted some gravel. He had discharged some gravel at Adams' wharf. He had gone to Hunt when the gravel was discharged. Hunt and he had gone to see the Mayor. The Mayor had said there were four requisitions for gravel in the name of Ellis. The Mayor suggested that the name of Ellis could be scratched out and Benson substituted or written in in red ink. Attached to the requisitions was an assignment of the claim. He stated, however, that Ellis had taken the gravel and refused to pay for it.

Mr. Mott said if the city had paid Ellis the Council had nothing to do with Benson.

Benson said he had notified the city that he owned the gravel and that Ellis did not own it. Furthermore, he said that the City Attorney had bought three loads of the gravel, and that he (Daw) had bought it knowing that the gravel belonged to him (Benson), because he had told Daw in the presence of Hunt that the gravel belonged to him.

Mr. Dow said Benson was mistaken. He further stated that there were assignments, but that Mr. Benson had not secured any of them. Mr. Benson did not claim that the gravel belonged to him.

The request of Benson was filed.

Then came up the resolution to the effect that no resolution heretofore passed by the Council was to be construed as providing for district or patrol system for the cleaning of streets.

Mr. Barstow said he had seen one of the districts cleaned and thought it was a treat to look at it. He believed members ought to see that district before they did anything to stop the work.

Mr. Taylor said he had no objection to having the experiment tried. If the Board of Public Works would like to have it tried, they ought to come to the Council and ask to get the consent of that body for the purpose. As it was now, he thought it was an expensive plan.

The Mayor said that the Council had passed a resolution ordering the cleaning of the streets and the work had been recommended by the Board of Public Works. He had added on to the resolution the clause that the bills for the work should go before the Finance Committee of the Council. If that had been done, the Council would know what the cleaning would cost from time to time. In the meantime, the Council had ordered the cleaning of the streets in the old way, but the bills for that work would not come before that body. He suggested that the district system be allowed to run because he had learned that the Auditor was compelled to leave one-third of the amount generally used for street cleaning out of his estimates, because for the entirety was also because many citizens had expressed themselves as in favor of it.

Mr. Taylor said he thought it was a good thing to try the experiment, but if the Council was going to pay any money out for it, it ought to be authorized by the Council. Let the Board of Public Works, he said, ask for authority to employ two or three men and that would be the proper way.

Mr. Stetson said he thought Mr. Taylor's resolution was out of order. The blanket resolution passed by the Council knocked out street cleaning, except such cleaning as had been done in years passed. At the same time, if the Board of Works was trying to introduce the patrol system, he was opposed to it unless it were done in the right way, and if so done he would be in favor of the Taylor resolution. At the same time, he had seen that excellent work had been done as had been referred to by Mr. Barstow but he wanted to have it done in the right way.

Mr. Mott said he understood that the resolution meant that the Board of Works was not to do any work under the patrol system. One thing ought to be done and that was to let the Board of Works know whether or not it should stop work of that kind or not. Councilmen had said they were not opposed to the patrol system and at the same time that they seemed in favor of the resolution under consideration.

Mr. Snow said that unless the resolution sufficiently stated that the work was not to be done by the patrol system, the Board of Works was justified in ordering the work to be done in that manner. The resolution ordered the streets cleaned.

Mr. Stetson declared that the Mayor knew the meaning of the blanket resolution.

The Mayor declared that it certainly was a blanket resolution, because it provided for the expenditure of $10,000.

Mr. Meese said he thought they had made a mistake in not being more specific in the former resolution.

The Mayor stated that no man had been appointed recently under the patrol system save for the cleaning of the center of Golden Gate.

Mr. Girard said that Temescal needed cleaning as much as Golden Gate and deserved it as much, too.

The Mayor said that a man had been appointed for Golden Gate because there would be no chance of doing anything for that place out of the funds that would otherwise be available, and that it was held that Golden Gate was entitled to something in the premises.

Mr. Cuvellier said that if the regular cleaning system could not be extended to Golden Gate, he was in favor of the patrol system for that section.

Mr. Schaffer said he had watched the patrol system in operation and felt that it would result in a saving to the city. He had known that it cost as high as $18 a day to put a plank in a cross-walk and where the patrol system was employed it would cost a great deal less.

The Mayor stated that he thought there would be a shortage in the street cleaning funds.

Mr. Meese asked how much the Mayor thought the patrol system would cost.

The Mayor said it would cost about $4,000 whereas $10,000 had been allowed for the other system.

Mr. Meese said the patrol system would be all right for the "centers" but how would the other streets be cleaned.

Mr. Rowe asked the Mayor if the latter feared that they would not have $10,000 for street cleaning.

The Mayor said that he thought that would be the case. They might have to take the money from the dredging fund.

If that was the case, Mr. Rowe said they did not have a dollar to expend in experiments. In his ward, in a hundred places, weeds had grown up last year and those weeds had clogged the gutters so that, in the fall, the water went out over the street and pavement, and ripped up big holes in the macadam. Those holes ought to be repaired. When there was money to try experiments, it would be time enough to do it. There had not been a word said about putting a man to do any repairing in his section of the city, although he didn't ask for one. But the people on the back streets had just as much right to have their streets cleaned as those around the depots and those in the business district.

The Mayor said that the improvement club in Mr. Rowe's section had recommended a man for the purpose of patrol repairer.

Mr. Cuvellier said that Mr. Barstow had moved that the resolution be filed and he (Cuvellier) would second it.

Mr. Stetson wanted to know if the resolution could be filed. He thought some action had to be taken on it.

Mr. Cuvellier then suggested that the matter lay over in committee until after the Auditor's estimate was received. Such a motion was made by Mr. Barstow, was seconded by Mr. Cuvellier and prevailed.

The same disposition was made of the resolution authorizing the Board of Public Works to repair Cemetery creek and Moss avenue bridges.

On motion of Mr. Cuvellier, the clerk was recommended to draw a resolution for the repair of Jefferson Square, to accommodate children, according to the Mayor's suggestion.

Mr. Rowe, speaking against the motion, said all the money ought to be appropriated for the repair of streets.

The remacadamizing of Third street, from Webster to Jackson street was recommended.

The Board of Public Works was recommended to report the streets which should be planted with shade trees along the edges of the sidewalks and to specify the kind of trees which should be planted on them.

The remacadamizing of Webster street from Fourteenth to Nineteenth street was recommended.

The matter of remacadamizing Second street from Webster to Jefferson was referred to the City Engineer.

The question of cleaning Eighth street was filed.

The matter of repairing Fifteenth street, between Wood and Peralta streets as recommended by the West End Improvement Club, was referred to Councilman Mott.

The petition of the Golden Gate Improvement Club for ten bituminous crosswalks was referred to the Board of Works.

FIRE AND WATER COMMITTEE.

The request of J. H. Bruning to erect a corrugated iron shed at Seventh and Clay streets, was referred to the Fire Warden.

The request of Havens & McKinnon to erect a corrugated iron building on Broadway near Central Bank was also referred to the Fire Warden.

The resolution authorizing the City Attorney to prepare an ordinance directing the Board of Public Works to order the Superintendent of Streets and City Electrician to make plans for salt water distributing was introduced.

Mr. Taylor wanted to have an appropriation of $50 made to pay the expenses of the officers while studying up the business.

Mr. Rowe said that the Street Superintendent and the City Electrician were under salary and could not receive an addition to it. The proper way was for them to bring in a bill of expenses.

Mr. Girard favored the idea of a bill being presented.

Mr. Taylor's motion was lost, Messrs. Meese, Barstow and Cuvellier voting in the negative and Mr. Taylor in the affirmative.

Mr. Barstow suggested that the chemist of the Board of Health be requested to make a chemical analysis of the water of Roberts' wells.

Mr. Cuvellier said that Professor Rising had said that the water taken from the wells on Saturday was not sufficient for a sanitary analysis. Another supply would have to be taken by him and of course, in the presence of a committee. Another visit to the wells would have to be made.

It was decided that the city chemist would get samples of the water and make a chemical analysis of the same.

ORDINANCE AND JUDICIARY.

With respect to the subject of preparing a drainage plan for sewage and storm water in the annexed district, City Engineer Clement sent in the following: "Complying with the verbal request of the Finance Committee of the 19th inst., in reference to plans for sewering the annexed district, I herein beg leave to report as follows:

"The surveys necessary to determine the direction of flow and the gradients of all sewers together with the survey necessary to fix the grade upon the streets will cost approximately $4,000.

"In reference to the system to be adopted I cannot say definitely until the surveys are completed, but it is more than probable that the larger portion of the district will be sewered by means of the 'separate system.' It is also possible that, in some portions, a storm water system will be a necessity and if conditions warrant, it may be advisable to construct a combined system.

"Trusting this will meet with your approval I remain, very sincerely yours,

"R. M. CLEMENT,
"City Engineer."

After the grades had been established and the surveys completed it might be well, Mr. Cuvellier said, if the Council saw fit to hire a consulting engineer to go over the matter with the City Engineer and see that no small mistakes had been made.

Mr. Mott said the Engineer ought to be authorized to get elevations and plans.

Mr. Kramm said that it ought to be done at once. The sewers had been promised. They were a necessity and the people demanded them.

Mr. Mott thought that everything, elevations, field work, curbs, grades and walks should be secured for that section.

Mr. Rowe wanted to know how the Engineer would hire his aids, by the day or by the job. He asserted that he would vote to pay for no more uncertain bills for work of the kind. If the City Engineer could not do the work, the proper thing for him to do would be to hire a proper person and to limit the amount of the cost. They should determine whether it was to cost $125 a month or some other sum.

Mr. Taylor wanted to follow the charter.

Mr. Mott wanted to know if the men drew pay when appointed.

Mr. Clement said they did.

Mr. Stetson asked how many men would be required.

Mr. Clement thought three men would suffice.

Mr. Rowe asked if the bills would go before the Council.

Mr. Clement replied that they would.

Mr. Mott said that in the matter of the City Engineer's office, the charter is a misfit. The office should be conducted as other city offices are conducted, the chief hiring the men and the city paying the salary.

The Mayor said that would have been done before, but for the reason that in the small work to be done it would cost more than the present system did. But for big jobs the proposed system would be the best.

The City Engineer was recommended to procure the necessary grades and elevations in order to proceed with the work.

The ordinance appropriating $10,000 for the east side sewer was laid over and $2,000 for a sewer system was indefinitely postponed.

The ordinance for the opening of Cypress street was recommended.

Glorious News.

Comes from Dr. D. B. Cargile of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Osgood Bros., Seventh and Broadway. Guaranteed.

THE EXCITEMENT NOT OVER

The rush at the drug store still continues and daily scores of people call for a bottle of Kemp's Balsam for the Throat and Lungs for the cure of Coughs, Colds, Asthma, Bronchitis and Consumption. Kemp's Balsam, the standard family remedy, is sold on a guarantee and never fails to give entire satisfaction. Price 25c. and 50c.

FRATERNAL

THE NEWS OF THE LODGE ROOMS.

A number of the interesting happenings in the fraternal world, during the past week will be found synopsized below:

Rebekah Degree.

The new officers recently elected in Oakland Rebekah Lodge, No. 16, were initiated last Saturday night at their hall on Fourteenth street.

The work was nicely performed. Credit was given to Brother Price, the drill-master, who, with a great deal of patience, introduced a drill which was very beautiful and impressive, and the lodge was proud of it.

This beautiful work is to be repeated next Saturday night, as there are to be three candidates initiated on that evening.

Oakland Rebekah Lodge, No. 16, has been and is very prosperous. It is the largest lodge in this district, with a steady increase of membership.

ABSIT INVIDIA LODGE.

The regular monthly home social of Absit Invidia Rebekah Lodge took place last Thursday evening and was attended by a goodly number of visitors from the several lodges of Oakland, as also a visiting sister from Delano, Cal., and a brother from Illinois.

Remarks were made by Sister Ammerman, vice grand of Sunset Lodge; Sister Elmore, past noble grand of Oakland Lodge; Sister Olney, district deputy president; Sister Sisson of Delano, Brother Sisson of Illinois and Sister Van Court of Absit Invidia.

At the close of the meeting Sister Carl, chairman of committee, presented several games, after which all were served with ice cream and cake and dancing concluded the pleasant entertainment.

Modern Trojans.

Alpha Lodge, No. 1, Modern Trojans, had a very enthusiastic meeting last Thursday evening.

A number of applications for membership were proposed.

The drill team is preparing for a big initiation, for the next initiatory night.

There will be a musical and literary program for the good of the order next Thursday evening, August 3rd. All Trojans and their friends are cordially invited to attend.

After the program there will be games and dancing.

The next regular monthly social will take place Thursday evening, August 10th.

Ladies of the Maccabees

Curtis Hive, Ladies of the Maccabees, followed up their delightful outing at Dimond Canyon by a social at Magnolia Hall last Thursday evening. The attendance was large and the program was most enjoyable, and included music and refreshments. There are several accomplished amateur musical artists in this Hive, vocal and instrumental, and their renditions add greatly to the enjoyment of the monthly socials.

Scottish Clans.

Clan Macdonald, No. 79, O. S. C., held a very interesting meeting on Friday evening last.

Royal Deputy Crome being present, spoke of the noble work that is being done by fraternal societies, and urged the members to work and take an active share in every thing that tends to promote the good and extend the beneficial influence of their society.

After the meeting, the usual literary meeting took place, the topic being "Character Reading" by Chieftain McCarron, who treated the subject from a phrenological point of view, and made a very interesting address.

Phrenology, he said, was the science which could a correct estimate to be made of the individual. It also made it possible to improve and educate the mind by a method of systematic development. A lively discussion followed. The interest taken in the subject by those present, has induced Mr. McCarron to prepare another paper on similar lines.

Degree of Honor.

Ivy Lodge, No. 4, Degree of Honor, A. O. U. W., had a very large attendance at its meeting Wednesday evening. The fact was evident that the exemplic work of the new chief of honor, Mrs. Garrison, is causing a revival in Degree of Honor circles.

The Attraction Committee presented a most enjoyable program. In the game of guessing the weight of a basket and a basket, Sister Smith won the first prize, Sister Smith came within 150 pounds of the correct weight.

Another amusing game, entitled putting a "Penny in the Pocket," was won by Past Chief of Honor Mrs. Mitchell. Sisters Crimp and Bertie Littlefield sang a most delightful duet, receiving a well-deserved encore.

A watermelon social concluded the entertainment.

Chief of Honor Mrs. Garrison appointed Past Chiefs of Honor Mrs. Parkinson and Mrs. Wilkinson and Lady of Honor Mrs. Reichman the new Attraction Committee for next Wednesday.

Eight new members will be initiated at the next meeting, on account of which the monthly banquet and social has been postponed until the following Wednesday, August 9th.

The new drill team was reorganized, with Sister Alberta Littlefield as captain and Sister Dickson as guide.

DAWN OF HOPE LODGE.

Dawn of Hope Lodge, No. 7, D. of H., held an interesting meeting last Saturday evening in Fraternity Hall.

Brother Jackson, district deputy of the A. O. U. W., was present and gave an interesting account of the extension work being done by the parent order.

The ladies of this district were urged to assist the committee.

After the business of the meeting had been transacted recitations were given by Sister Turner, Brother Nolan and Brother Fiske.

The Attraction Committee then invited the members to the banquet room, where refreshments were served.

During the evening the Entertainment Committee announced that the members were working hard to make the entertainment and dance to be given next Saturday evening, August 5th, a grand success, and all who attend are assured of a pleasant evening.

District Deputy Grand Chief of Honor L. Donnelly, accompanied by members of Dawn of Hope and Silver Star lodges, recently paid a visit to Union Lodge, No. 90, of Haywards and spent a very delightful night.

During the evening seven new members were added to the already large membership of Union Lodge.

The visitors expressed themselves as very much impressed with the manner in which the initiation ceremonies were performed by the various officers.

Odd Fellows

University Lodge, No. 144, I. O. O. F., extends an invitation to all Odd Fellows to be present at its next regular meeting, Thursday evening, August 3d. The Initiatory and and Third degrees will be conferred upon three candidates.

HARBOR LODGE.

Harbor Lodge, No. 258, I. O. O. F., at its regular weekly meeting last evening passed upon and elected two candidates to receive the first degree of Odd Fellowship.

Considerable business was also transacted.

The new by-laws were discussed and some new ideas were brought forth by the members.

Harbor's degree team was presented with a beautiful piece of paraphernalia by Brothers Joll and E. L. H. Evers, to both of whom a vote of thanks was extended.

Members of the first degree team will drill at the next meeting. There is work on hand for this degree.

Entertaining remarks were made by several visiting brothers.

Letters were read that were received from brothers in Alaska, telling of the good work Odd Fellowship was doing in that part of the country.

Thirty-five members of Harbor Lodge paid Elmhurst I. O. O. F. Lodge a fraternal visit on last Thursday evening. A special car was placed at the disposal of the visitors. This car left Thirteenth and Webster streets at 7:30 p. m., arriving at Elmhurst at 8:20 p. m. The visitors were received by members of Elmhurst Lodge and escorted to their lodge room.

The Second degree team of Harbor Lodge took charge and conferred this degree upon two candidates, greatly to their satisfaction and to the members present.

The degree work was exceedingly well executed by the team.

After degree work the lodge closed. All adjourned to the banquet hall, where a bounteous repast had been prepared, to which all did justice.

Spirited remarks were made by Noble Grand Shaw, Drill Master James Rye, Brothers George Clark, P. G. Northey, Brother McGuire, Brother J. H. Evers and others.

The special car was taken for home at midnight, after a very enjoyable visitation.

Knights of Pythias.

The Castle Hall of Oakland Lodge at its convocation of last Friday night presented a very animated appearance on the occasion of one of the most profitable meetings of the present term. An unusually large attendance of members and visitors were present.

One application was presented, and one previously received was acted upon and accepted.

Knight Ambrose A. Leonard, formerly of Rising Star Lodge, was elected to membership by transfer card. The brother being in waiting under the escort of Past Chancellors Gilman and Bennet was introduced and signed the roster, after which Stranger Trahan was initiated into the mysteries of the Page rank in the manner for which the lodge has been commended.

This was followed by the impressive rank of Esquire being conferred on Pages Lamertige, Smith and White.

Though the hour was late when the work was accomplished, remarks were made by Brothers Keller, Johansen and Larmer of lodge No. 172.

Brother Ed Griffin, the humorist of lodge No. 103, was present with his inexhaustible budget of new and full-fledged yarns and witty sayings. "She Was Bred in Old Kentucky" was excellently rendered by Professor Richard Papandre and Past Chancellor Eugene Murphy.

Great interested is being manifested in the assemblage of this lodge to be held tomorrow night. The elevation of three Esquires to the Knight rank, in the amplified form, will be the chief attraction.

Captain B. D. Gass has secured a team of more than ordinary ability for the occasion. Literally speaking, the latch-string hangs upon the outside of the gate of Oakland's Castle Hall for the benefit of local as also sojourning members of the fraternity.

PIEDMONT LODGE, NO. 172.

The conferring of the several ranks still goes on at nearly every convention of Piedmont Lodge. The attraction at its latest meeting, on Monday night, was the initiation of Stranger James Hall and the conferring of the rank of Esquire on Page Gilbert.

While the fact remains that the past and present officers of this lodge deserve commendation for the deep interest they have taken in its welfare, yet as an incentive to take a still greater interest it has been decided to hereafter present every retiring executive officer with a magnificent past officer's jewel provided he has performed his duty to the fullest satisfaction of the lodge.

Young Men's Institute.

The fifteenth Grand Council of the Y. M. I. will be held in Santa Cruz during the week beginning Monday, August 21st. Santa Cruz Council, No. 12, is making elaborate preparations for the occasion, and assures every visitor a hearty welcome and an enjoyable time.

The following delegates will represent the local councils:

Oakland Council, No. 6—D. J. Hallahan.

American Council, No. 5—W. J. Hennessey, Lloyd Sterling.

California Council, No. 24 (Alameda)—A. F. St. Sure, Rev. T. J. O'Connell.

Fraternity Council, No. 31—W. V. Harrington.

Capitol Council, No. 11, of Sacramento, is the banner council of the jurisdiction, having initiated 102 new members during the six months ending June 30th.

Golden Gate Council, No. 34, San Francisco, initiated twenty-eight new members at a recent meeting.

A fifty council for the Y. M. I. has been organized in Los Angeles.

The next district meeting of the local councils will be held in Fraternity Hall, West Oakland, Monday evening, September 4th.

Young Ladies Institute.

Young Ladies' Institute, No. 15, held a fairly well attended meeting last Wednesday evening at the auditorium of St. Patrick's parish, at which the grand secretary, Miss Josephine T. Malloy, and Grand DirectorMrs. N. T. Fleming were present and spoke under good of the order.

This branch is to take charge of a booth at the coming fair of St. Patrick's parish, and the members are doing their utmost to make it a success. A meeting for that purpose is to be held at the residence of Miss Mary Flynn Thursday evening, August 3d. A full attendance is expected.

WITH THE WORKERS

LABOR UNIONS.

All the local labor unions of this city are trying to unite and form a Building and Trades Council.

A committee will meet for the purpose of drawing up a constitution and by-laws for the Council next Wednesday evening in the Y. M. I. Hall.

The trades unions so far represented in the Council are the carpenters, bricklayers, plasterers, plumbers, shinglers, concrete workers and hod carriers.

The Carpenter's Union, although perhaps the largest is by no means the strongest labor organization in the city. It has about 160 members at present.

Years ago the union on this coast was very strong, having thousands of dollars in its treasury and all the carpenters in the country enrolled as members. However, the general business depression and the influx of foreign cheap labor finally caused the abandonment of the union.

Four years ago it was reorganized but its growth has been very slow. During the last three months it has nearly doubled its membership and is gaining strength daily. The organization has much room for growth as the great register shows that about 700 carpenters reside in this city. Though many of these are not following the trade at present.

The union holds weekly meetings every Monday evening at the Y. M. I. Hall. The president of the organization is P. Ingerson. R. Reed is secretary.

Action will probably be taken at the meeting next Monday evening to establish a minimum wage for union men.

The leaders recognize the impossibility of establishing a uniform wage as contractors cannot be expected to pay as much to an ordinary workman as they do to a skilled mechanic who does special work.

Another of the primary objects of the union is the adoption of an eight-hour day system.

The contractors generally recognize the advisability of the adoption of this system but it remains for organized labor to force the issue, as individual contractors cannot act in the matter.

THE PLUMBERS.

The local organization of plumbers in this locality is in a very healthy and progressive condition. It includes Oakland, Alameda, and Berkeley. The organization has lately accomplished a State union. This has been much desired for a long time. On the 1st of September the State Union will become an integral part of the National organization and all disputes will then be referred for settlement to National headquarters.

The local organization has a membership of about 50 including most of the prominent plumbers of this city. The chief aims of the union are to compel all journeymen plumbers to become merchant plumbers and handle their own goods and to prevent interference with each other. To enforce these principles, the rules of the organization prohibit journeymen plumbing, or the doing of odd jobs for which the supplies have been bought from outside parties, and prohibit all interference with another man's contracts or agreements.

J. B. Cruz is president, and J. Martin secretary of the present organization.

THE PLASTERERS.

The Plasterers' Union of this city is known as Live Oak Lodge No. 2 of Journeymen Plasterers. It is one of the oldest labor organizations in the State and was the first to enforce the eight-hour day system.

J. T. Kerns is president of this union and Charles Oralup is secretary.

Like most other labor unions the plasterers dissolved their organization during the very dull times a few year ago. They reorganized, however, last February and the union is fast gaining in strength. It has a local membership of twenty-eight. This includes most of the good workmen.

The union has formed connections with the Master Plasterers. In this connection the union men agree to work for no one but the master plasterers at regulation wages, while the master plasterers on their part agree to employ none but union men. This protects both the contractor and workman alike.

The union has succeeded in raising the scale of wages from $3 to $4 per day. This raise went into effect on the 15th of last May.

BRICK MASONS.

The Brick Masons' Union is one of the strongest unions on the coast. It was formed in May, 1881, and has continued ever since. It has always maintained the uniform wage scale of $5 per day. W. Baccus is president of the local union. It meets the second Wednesday of every month in Germania Hall. It includes all of Alameda county.

The other unions in the State are in San Francisco, Stockton, Sacramento, and San Jose. These unions form a State organization which is independent of the National union.

The local union is known as Branch No. 2 of the Brickmasons' Association. The San Francisco union being Branch No. 1.

This organization has always been a protection to its members and has long stood for and enforced the eight-hour a day schedule.

THE PAINTERS.

The painters of this section have long been without any organization. Several unions have been organized but all failed and for the last five years there has been no organization at all.

At present the Building and Trades Council is making an attempt to organize this class of labor. It is thought that the organization would be of great benefit to the community as a protection against incompetent workmen and a very inferior grade of work.

As it is all good architects are compelled to reserve the painting of the buildings they plan and erect. They are forced to do this. In order to have first class work done they must see to it themselves.

Under the present regime inferior paints and incompetent painters are the rule.

People are beginning to realize this and an organization compelling a high standard of workmanship would probably be gladly welcomed by the householders.

At this season of the year the painting business is always dull as very little work is contracted for during July or August.

CONCRETE WORKERS.

The concrete workers of this city have recently effected a temporary organization of about twenty members. They will meet this evening and take steps to make the union a permanent one.

They have already sent delegates to the meetings of the Buildings and Trades Council and have allied themselves with that organization.

THE SHINGLERS.

The shinglers have recently formed a union. The organization was effected last April. This is the first organization of this class of labor. Heretofore they have been so closely connected with the carpenters that no separate organization was needed. The present union is a direct result of the specialization of labor which is being constantly carried to greater extremes.

Shingling has become a distinct kind of labor and the union formed last April was made to protect the men engaged in this work. The scale of wages maintained by the union is $2.50 per day.

THE LATHERS.

The lathers meet in Becker's Hall on the first Monday of every month. The president of the union is J. Burke. The union was organized last March and has a membership of about 25. Since its organization it has succeeded in raising the contract price from $1 to $1.75 per 1,000. Very few lathers are outside the union.

HOD CARRIERS.

The union of the hod carriers is very strong, not only in point of membership but financially as well.

J. Curran is president of the union. It has never been broken since it was first organized and has lately succeeded in raising the scale of wages from $3 to $3.50 per day.

The local union has about 50 members and is closely connected with the San Francisco union of which it is a branch.

BRIDGE OVER TIDAL CANAL.

Chairman Talcott reported the following correspondence with W. H. Heuer, Major Corps of Engineers, U. S. A., regarding bridge over Tidal Canal, which was ordered spread upon the minutes:

"Oakland, July 24th, 1899.

"W. E. Heuer, Esq., Major Corps of Engineers, U. S. A. Dear Sir: In yours of July 21st to the Board of Supervisors of Alameda county, you say: 'As I cannot build two combined bridges starting from a common point, etc., etc., and asking us to waive the construction of any bridge for highway traffic across canal, other than that proposed at Fruitvale avenue, between Park street and High street.

"We take it for granted from the reading of the above that the railroad company will not require a bridge on Washington avenue, and that they have also been requested to waive their right on said Washington avenue. Are we correct?

"Respectfully yours,

"J. R. TALCOTT, Chairman."

MAJOR HUER'S REPLY.

In response to this communication the following reply was read.

"United States Engineer Office, San Francisco, July 25, 1899—The Board of Supervisors of Alameda county, Oakland, Cal., Gentlemen—Replying to your inquiry of July 24th, I have to say that the railroad company has not waived its right to a bridge across the tidal canal at Washington avenue crossing, the reasons for which are as follows:

"All estimates and plans for the completion of the work on the Oakland harbor up to the beginning of the present year contemplated the construction of but one bridge near the Fruitvale-Washington avenue crossing, which should accommodate all the highway and railway traffic. On February 25, 1899, at a meeting in my office, at which you were represented, plans for a combined railway and highway bridge were discussed. The railway company did not favor such bridge; your representatives did not object to such bridge, asking only that suitable highway accommodations or rights be given you and that one such bridge at that locality would suffice.

"The next step necessary was to design a bridge for this locality which would be suitable to the parties interested which would accommodate all traffic, be in reasonable accordance with the decree of the court, and finally to build it within the limit of the estimates submitted to and approved by Congress. The site was such as to make the problem difficult to solve.

"The railroad company expressed a willingness to waive the construction of a bridge at Washington avenue provided the Government would furnish a right of way, and lay tracks on the same, connecting by a short practicable route the proposed Fruitvale avenue bridge with existing Fernside-Melrose track. This appeared fair and equitable, and if it could have been accomplished would have saved the Government an expense of at least $30,000. It was ascertained, however, that there was no law which would permit of the acceptance of such terms, and such solution could not be further considered.

"The railroad company could not be expected to purchase the strip of land above referred to and lay track on same at an expense of $10,000 to $12,000 without some compensating advantage, and in the absence of law the Government could not transfer to the railroad company a strip of land and connecting track, even though all the advantages were on the side of the Government. The exchange, if it could be so called, would require special action by Congress, and if authorized would require that the land necessary for the connection be acquired by condemnation proceedings. Judging from what has occurred in the past in similar proceedings of this work, this would have delayed the completion of the tidal canal for at least six years, to the detriment of the work itself and to the prejudice of the people of Alameda county.

"From the very nature of the work it is necessary to build bridges before the tidal canal can be completed. Law prohibits the letting of contracts for amounts beyond the funds available and authorized by Congress, and it has been stated a fixed sum or limit for which contracts on this work are authorized. With such funds I am prepared to make contracts for a bridge at High street, a combined railway and highway bridge at Fruitvale avenue, a railroad at Washington avenue, contract for the diversion of Sausal creek from the line of the canal, and finally for the completion of the tidal canal; but neither funds nor authority are available for constructing a combined highway and railway bridge at Washington avenue, which is not now and never has been a part of the existing project contemplated for Oakland harbor.

"An examination of the map near the locality of Fernside station shows what little, if any, advantage Alameda county would have by the construction of a highway bridge at Washington avenue.

"Moreover, in your communication of February 27th, 1899, you state 'The United States, under the decree, is required, strictly speaking, to maintain Washington avenue as a highway across the canal; but it will be entirely satisfactory to us if the United States at its own expense will continue Washington avenue at its present width across the shortest point to Fruitvale avenue and connect with the proposed bridge there.'

"So far as extending and maintaining Washington avenue along the north bank of the canal to a junction with Fruitvale avenue is concerned, there is no law of Congress authorizing the acceptance of the condition. It is precisely of the same character, though less in expense and degree, as that proposed by the railway company and referred to in this communication. I have been informed that the owners of the tract (Sather heirs) contemplate, at their own expense, making a large, broad avenue along the whole north bank of the canal at the locality referred to. If so, it would be a consummation devoutly to be wished for. I cannot take the responsibility of delaying the completion of this work by recommending to Congress the purchase of this strip of land.

"The matter now rests with you. As yet I have no legal waiver of your right to a highway bridge at Washington avenue. I am looking solely to the rapid completion of the work as authorized by Congress. If you waive the right to a highway bridge at Washington avenue, unconditionally, I believe the work of completing Oakland harbor can go on uninterruptedly. If you cannot see your way clear to do this, the work must cease as soon as I have made contracts for and completed High street and Fruitvale avenue bridges, and be delayed until Congress modifies its previous action, furnishes funds and authorizes a change in the existing project. Very respectfully,

W. H. HEUER,

"Major, Corps of Engineers, U. S. A."

ABANDONMENT OF A PORTION OF WASHINGTON AVENUE.

A petition was received from P. H. Blake and others for the abandonment of a portion of Washington avenue in Brooklyn township. A bond in the sum of $20, with O. E. Darby and John McArthur as sureties, accompanied the said petition.

On motion of Supervisor Church, seconded by Supervisor Mitchell, the application was ordered filed, the bond approved and the hearing upon the petition set down for Monday, August 7, 1899, at 11 o'clock a. m.

CORRECTION OF ASSESSMENT.

A communication was received from Mrs. O. W. Jasper, requesting correction of an alleged error in assessment of personal property.

On motion of Supervisor Mitchell, seconded by Supervisor Church, the communication was referred to the Assessor, and the clerk directed to notify the applicant that the time for correcting assessments for the ensuing year had elapsed.

Ayes—Supervisors Church, Mitchell, Wells and Chairman Talcott—4.

Absent—Supervisor Roeth—1.

WATERING OF PATTERSON PASS ROAD.

The following resolution was introduced by Supervisor Wells:

"Whereas, It is contemplated to water the road leading from Sunol to Stockton, known as the Patterson Pass Road, in Vallencitos Road District, now therefore,

Resolved, That the Road Commissioner of Murray township be and he is hereby empowered and authorized to purchase a watertank, windmill and pump and connections and that he place the same in position for use.

The roll was called and the resolution was introduced by the following vote:

Ayes—Supervisors Church, Mitchell, Wells and Chairman Talcott—4.

Absent—Supervisor Roeth—1.

ALAMEDA COUNTY POULTRY ASSOCIATION.

L. N. Cobbledick, representing the Alameda County Poultry Association, addresses the Board, requesting an appropriation of $300 for the furtherance of a poultry exhibit.

On motion of Supervisor Mitchell the matter was laid over until Monday, August 14th, at 11 o'clock a. m.

CORONOR'S CLAIMS.

A stipulation concerning items of interments on bills of January, February and March, 1899, signed by Snook & Church, attorneys for H. B. Mehrmann and H. B. Mehrmann, Coronor Alameda county, was received and ordered filed.

A report of E. S. Bullock, County Expert, on claims of H. B. Mehrmann, was read and ordered placed on file.

The matter of the reconsideration of the resolution prescribing form of report and fixing charges and fees for Coronor, was on motion, regularly made and seconded, referred to the District Attorney to report Monday, August 7th, 1899, together with a statement of Messrs. Snook & Church, attorneys for H. B. Mehrmann, concerning same.

The Finance Committee submitted the following report:

Oakland, July 29th, 1899.

To the Board of Supervisors: Gentlemen—At a meeting of the Finance Committee of this Board, the matter of the Coronor's claims was discussed and the committee came to this conclusion: That they would recommend to pass the claims of April, May and June, which are now on file, after deducting all over charges with the stipulation to be signed by the Coronor, viz: That in case the Coronor should take the case into court to test the legality of the $2 interment fee and should fail to sustain it, the Coronor is to agree to pay into the county treasury all $2 interment fees overcharges on claims of January, February and March, 1899. Said claims already having been paid him. Should he maintain the legality of the $2 interment fee he then is entitled to all $2 deductions for interments in claims of April, May and June, 1899.

Signed: JOHN MITCHELL,

W. H. CHURCH,

Finance Committee.

Ordered received and placed on file.

Thereupon Supervisor Mitchell moved that the claims of $45, $146, $205.50 and $317.75 be ordered paid as recommended by the Finance Committee.

Seconded by Supervisor Church, and carried by the following vote:

Ayes—Supervisors Church, Mitchell, Wells and Chairman Talcott—4.

Absent—Supervisor Roeth—1.

FREE CAMPING.

IDEAL CAMPING SPOTS ALL ALONG the main line, Sonoma and Guerneville branches of the California Northwestern Railway (lessee San Francisco and North Pacific Railway), the picturesque route of California. While parties can camp anywhere, close to or remote from the railroad, a few picturesque spots especially adapted for campers have been selected on account of their easy access to San Francisco.

GLEN ELLEN PARK

And four miles along Sonoma Creek, beautifully shaded. Excellent fishing and bathing. Mr. C. E. Harvey at Glen Ellen will show locations.

MIRABEL PARK

On our Guerneville branch, adjoining the railroad and skirted by Mark West Creek, which is now dammed, affording fine bathing, boating for two miles and good fishing. Man in charge. Rowboats at reasonable rental.

GUERNEVILLE

In the midst of the redwood country, and on the Russian river, is practically the terminus of the Guerneville branch. The people of the town and vicinity, under the name of the Business Men's Association of Guerneville, offer free camping sites throughout the whole section. The Russian river will be dammed, affording a magnificent sheet of water for bathing and boating. Mr. D. Connell, proprietor of the livery stable at Guerneville, representing the association, will meet all trains, and without charge will show prospective campers the various locations.

To and from all these points double daily train service.

Supplies delivered on the grounds by the merchants of the adjoining towns.

Tickets for camping parties are to be procured at Ticket Office, 650 Market street.

For detailed information apply at ticket office, 650 Market street, Chronicle building, or at General Office, Mutual Life building, Sansome and California streets.

SPECULATING IN WILDCAT MINES.

Montreal Banks Suffer From the Mining Craze.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—The Times says: The bank troubles in Montreal may be attributed in a great measure to a wave of mining speculation which has appeared in Canada, with its greatest development in the two most important and wealthy cities in that country, Montreal and Toronto. It had its origin in the opening up and development of the Klondike gold fields. Stories of wealth suddenly gained by adventurers who first braved the dangers of the Chilkoot Pass and the rigor of the climate were current in the press and all classes became interested.

Numerous mining companies sprang into existence, sent out experts and owned each its particular mine. Capitalists laid out large sums on claims and machinery, and the working people caught at shares ranging upwards from 10 cents or even lower. To do this required capital. Many who had it to invest withdrew it; others whose surpluses would have been deposited there, seeing an easy and quick method of making money, hugged up shares in these mines. By these methods a large amount of capital was diverted from its ordinary business channels, and the continuous drain on the banks was felt in many quarters.

While the run on the Banque Jacques Cartier, caused by the failure of the Banque Ville Marie, was the immediate cause of suspension, there is no doubt that the heavy aggregate withdrawals caused by mining development and speculation in Canada contributed largely to this end.

ARIZONA TOWN IS THREATENED.

Indications That the Yaquis May Attack Nogales.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

ST. LOUIS, Aug. 3.—A special to the Globe-Democrat from Nogales, Ariz., says:

Two Gatling guns and a detachment of artillery soldiers from the City of Mexico, via El Paso, have been hurried southward en route to the scene of the Yaqui war. Troops are being marched across the mountains from points in the State of Chihuahua and Durango to join the forces now in the field, and other reinforcements are rushing in from all quarters.

A GENERAL UPRISING.

It is reported that emissaries have been sent by the Yaqui leaders to ranches and mines all over the State of Sonora, wherever men of the tribe are at work, calling them to arms with their compatriots already in the field, and many Yaquis who are employed in the big mining camps and on haciendas as laborers have disappeared. Even in this vicinity, 200 miles distant from the scene of hostilities, the Yaquis employed in various kinds of work are in a state of disquiet, quitting their employment and going away, and those coming here from outside points in Arizona, where they have been many Yaqui laborers, report the same condition of affairs. They usually travel by night, and nightly small squads are reported passing through the town or along the road near by, all going in a southerly direction.

NOGALES IN DANGER.

Some fears are expressed of a descent upon the town similar to that of August, 1896, when an attacking party took possession of the Mexican custom house in the early hours of the morning and were dislodged only after a severe battle, in which they left nine men dead on the field and carried away some twenty wounded. In that fight, Company G, of the Arizona militia participated, and it is from motive of revenge that the Yaquis now on the warpath have killed the Americans whose deaths have been reported. In the former wars they have always respected Americans, never molesting them.

The situation is considered so grave that Mayor Overton has communicated Governor Murphy's request to ask the War Department to send a troop of cavalry from Fort Huachuca for protection of the town.

NEW BANK FOR HONOLULU

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—Persons in this city interested in the organization of the national bank recently established in Honolulu are enthusiastic over the outlook for the new institution. Perry S. Heath, Assistant Postmaster General, who is in the city, said:

"We have already shipped $750,000 in currency with which the bank can begin business in earnest as soon as the final formalities are complied with. Delay has been caused by the omission to obtain certain signatures to tax stamps which are required by the Hawaiian government before the charter can be issued. The oversight has been corrected, but not in time to carry out our plans as at first formulated. Hawaii presents an attractive field for the employment of banking capital. Merchants there have never had adequate banking facilities. There has not been half enough money in circulation, and for years the custom has been to rediscount paper in San Francisco and New York to meet the demand of local trade. In other words, money has been forwarded from San Francisco and New York to carry on the business of the islands. I obtained the charter for the bank in 1896, in the belief that the islands would ultimately be annexed to the United States."

KOBART TO VISIT M'KINLEY

NEW YORK, Aug. 3.—Vice President Hobart will leave Long Branch on Friday for Lake Champlain, where he will visit President McKinley. He will remain with the President for two weeks. CAPTURING THE WORLD'S MARKETS

Americans are Making Bridges for the Foreigners.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—In its review of trade conditions the Iron Age today will say:

The rising tendency continues unabated, and it is a question whether delays in deliveries have not actually become worse than better lately. Scarcity of labor, scarcity of coke, of pig iron, billets, wire rods, is troubling makers from step to step upward to the final consumer.

Sales for delivery during the first half of 1900, and beyond, are growing more numerous, thus showing that many buyers are willing to pay present prices for the certainty of securing their supplies. So far as deliveries during the balance of the year are concerned, the main hindrance of prices is expressed by the majority, while every day brings accessions to the ranks of those who hold that we are to see a considerably higher level yet for urgent requirements.

This seems to be the situation in pig iron, both in foundry and in Bessemer grades, and for delivery during the next few months there has been a further advance.

Pittsburg records sales of Bessemer pig as high as $21, valley furnace.

Steel continues exceedingly scarce, and high prices are being paid for prompt shipments, notably for open hearth stock. It is significant that one rolling mill has just given an order for 75,000 tons of open hearth billets, and that other inquiries are afloat. Orders for foreign open hearth wire rods were placed by screw makers some time since, and there are indications that additional quantities may be drawn from Europe.

While the capture of many large bridge orders for foreign markets has attracted a good deal of general attention, striking progress has been very quietly made in extending a market for buildings and shops. American firms have asked and obtained the designs proposed and have remodeled them in accordance with practice here, guaranteeing ability to resist the loads specified. By this means the structures have been much lightened and it has been possible to secure work at a higher per pound rate than that offered by European builders. We understand that buildings have been thus captured, not alone for the West Indies, Chile, Peru and Central American states, but also for European countries. We learn that one firm alone placed contracts aggregating 3,000 tons in July.

Among the bridge orders in the market we note eight bridges for Japan. They were designed by American consulting engineers, and will therefore be taken here.

SUPPRESSION OF HAVANA PAPER.

Carlos Garcia Says Gen. Ludlow Made a Mistake.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—A special to the Times from Washington says:

General Carlos Garcia said today he considered the suppression of the Havana Reconcentrado to be a serious mistake. "It was Spanish editorism to arrest editors and suppress their papers for daring to criticise Spanish methods, and it would seem from General Ludlow's action that he is pursuing the Spanish policy which has been justly denounced in the United States. Besides, this act on the part of the military authorities will be construed by many Cubans to mean that the civil authorities are mere figureheads, and will doubtless produce bad feeling. The civil laws in Cuba are ample to punish people who commit libel. I admit I do not know all the facts, but I do know that to be consistent General Ludlow will have to suppress other Cuban papers that have criticised General Brooke's appointees. I know General Ludlow and admire him, and I take it that he has been imposed upon. What would the people of the United States say if the authorities should suppress a newspaper for criticising, justly or unjustly, the administration? There can be no independence or personal liberty without free speech and a free press."

CHAIRMAN JONES TO RESIGN

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—A special to the Tribune from Washington says:

Senator Jones of Arkansas wishes to return home from Europe as early as September 10th, but his physician had upon him the injunction not to leave there before October 1st. The Senator writes to a friend in this city that he feels as well as at any time in twenty years, and has not the slightest premonition of another attack of the heart disease from which he suffered. It is learned from a friend of the Senator that he is not ambitious to hold the chairmanship of the Executive Committee of his party, but that it was not deemed wise to resign at this time and invite a scramble for the place. Hence, without quoting Senator Jones himself, he says the Senator will resign the leadership of the Democratic committee by the time the National Convention meets, so as to give the opportunity for the choice of another chairman.

CHANGES IN THE BUFFALO

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—Orders have been received at the navy yard from Washington to rush repairs and alterations on the cruiser Buffalo. She will be fitted up for duty between this port and Manila, and must be ready to go into commission by November 1st. A new ice plant will be put in, the boilers renewed and more extensive quarters for marines will be provided. She will carry men and provisions to the Philippines. The cruiser returned from Manila recently, where she took stores to Admiral Dewey's fleet.

NO PARCELS FOR THE YUKON

NEW YORK, Aug. 3.—A special to the Times from Washington says:

Third Assistant Postmaster General Madden has issued an order calling attention of postmasters everywhere to the fact that packages cannot be mailed to the Yukon district. Letters and postal cards can be sent to the Yukon territory, but there is no way in which parcels or third and fourth class matter can be forwarded. It seems that some postmasters have failed to notify persons who have attempted to send such matter of this rule, and people who have tried to send clothing and other articles to their friends on the Yukon have had their trouble for their pains. Postmasters are instructed to decline all such matter.

ALAMEDA

NEW CLUB FOR ENCINAL.

Organization Formed at the Meeting Last Evening.

ALAMEDA, Aug. 3.—Alameda once more has an athletic and social club where the young gentlemen of the city may meet and pass pleasantly their spare moments in physical and intellectual recreation.

The organization of the new club was effected last evening. Officers were elected, a constitution and by laws adopted and the quarters of the organization formerly opened.

The new club will be known as the Encinal Club, it being decided last night after some discussion to leave out the word "Recreation" as it tended to confuse the real title of the organization.

In answer to the invitation sent out by Fred Elster, secretary of the organization committee, many who were prominent and active members in the lately defunct Encinal Recreation Club and others who believe that Alameda should have at least one good athletic and social club, attended the meeting.

Considerable enthusiasm was manifested by those in attendance. All matters pertaining to the organization and conducting of the new club were thoroughly discussed. The dues are fixed at $1.50 per month and the initiation fee the same, until the charter list of 100 has been filled, when the admittance fee will then be increased to $2.50. An income of $600 is assured for this month and with this amount the club management expects to be able to meet all assumed and other debts contracted and to put the club's quarters in first class condition. A Japanese janitor has been employed and the gymnasium, reading room, lockers and bath room will be renovated.

The charter roll already contains the names of 84 gentlemen and as others have signified their intention of joining, the 100 limit will soon be reached, after which a "waiting list" is to be inaugurated.

The officers of the new Encinal Club are: President, J. E. Stubbs; vice-president, A. S. Groth; treasurer, W. M. McKeon; secretary, Fred Elster. The officers with Dr. W. R. Hughes, F. P. Royle and Frank Stratford will comprise the directorate of the club.

A new lock has been placed upon the entrance door to the club quarters and keys will be furnished all members as soon as possible. By the end of the week the officers and members of the Encinal Club expect that the organization will be settled down and "at home to its friends."

New Manager.

J. Henry Glas, who for thirteen years has been business manager of the Argus, has resigned his position. He has accepted the position of manager of the Encinal. Mr. Glas is a prominent Native Son and has a host of friends in Alameda. He is considered one of the best advertising men in Alameda county.

Volunteer Committee.

A meeting of the local Volunteer Medal Fund Committee will be held in the office of Dr. H. M. Poad, Methodist Church block, tomorrow evening. All the subscription lists are desired to be returned by that time. The fund will go beyond $100. The distribution of the medals to volunteers from Alameda county will probably take place in the Exposition building in Oakland.

Police Record.

City Marshal Conrad's report for the month of July shows arrests as follows: Petty larceny, 8; battery, 2; disturbing the peace, 7; drunkenness, 1; vagrancy, 6; violation of city ordinances, 10; insanity, 1; total, 35.

News Notes.

James Cambrage, who has conducted a small machine shop on Railroad avenue near Park street, will remove his plant to San Francisco.

Bicycle thieves have been very active in Oakland recently. Yesterday eight wheels were reported stolen. Chief Conrad says that the thieves have not operated in Alameda as yet, but he says that it would be wise for bikers to use extra caution in caring for their machines.

Matt & McCarty, the painters have about concluded their work on the tidal canal bridge. The large structure is now olive green in color.

The recently elected officers of James Monroe Council, No. 24, Jr. O. U. A. M., will be installed at the next regular meeting, to be held Monday evening, the 14th inst.

James Logie, a newspaper man of Washington State, who has been visiting his brother, William Logie of 1041 Regent street for the past few days, will leave this evening for his home in the north.

Mrs. Andrew Henderson of Vallejo, who had been the guest of her sister, Mrs. William Logie of Regent street, returned home yesterday.

Miss Edith Reid of this city was chosen a member of the enrollment committee of the Woman's Baptist Home Missionary Society of California, now in session at Twin Lakes, Santa Cruz.

Dr. Calvin William Knowles of this city has opened dental offices in the Spring Valley building on Geary and Stockton streets, San Francisco.

Mr. and Mrs. Harrison Brooks, formerly of this city, are spending a few days visiting friends in Alameda.

Personal.

Mrs. Mary L. Mastick, Mrs. Ira B. Hyde, Miss Al T. Mastick and Mrs. Mary P. Murfey have gone to Mt. Tamalpias.

Miss Mabel Cushman will leave on Saturday for Simms, Shasta county, where she will sojourn for two months.

Mrs. Ira B. Hyde, who has been visiting Mr. and Mrs. E. B. Mastick, will leave on Tuesday next for her home in Princeton, Mo.

Justice Van Dyke of the Supreme Court has been visiting E. B. Mastick.

John Quinn, instructor in the Mechanical Arts in the Indian Training School at Oklahoma, is visiting George and Miss Mary Loverty of Clinton avenue.

Roswell A. Smith of 2123 Clinton avenue has gone on a visit to his father-in-law, Judge James Morris of Carson City, Nevada.

Mrs. James Fowler, Miss Helen Fowler, Mr. and Mrs. Samuel Burd, Miss Ethel Miller, Miss Zora Rea have returned from their camp in the Redwood canyon.

ACCIDENT TO THE SHAMROCK.

Challenger Sails for America But Has to Turn Back.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

GLASGOW, Aug. 3.—The cup challenger Shamrock sailed from Fairlie this morning, accompanied by Sir Thomas Lipton's steam yacht Erin, gaily decorated with flags. As the two yachts proceeded down the river, whose banks were thronged with spectators, they were greeted with enthusiastic cheers intermingled with singing "Rule Britannia."

The craft in the vicinity of the Fairlie displayed flags in honor of the departing challenger.

The sound of the whistles and sirens blowing in honor of the Shamrock was deafening.

As already cabled, Shamrock will take a southerly course.

Captain Hogarth expects to reach New York within twenty-eight days, as he does not intend to push the yacht to any extent. She is insured at Lloyds for 10,000 pounds at 5 per cent.

It was noted as a good omen that the last racing yacht which sailed for America from Fairlie was the unbeaten Minerva, skippered by "Charlie" Barr, now skipper of the Columbia.

Shamrock's racing spars will be taken to New York by the anchor line steamer City of Rome. Captain Hogarth, just before he started, said he considered Shamrock to be a perfect racing machine.

DELAYED BY ACCIDENT.

FAIRLIE, Aug. 3.—Shamrock, after proceeding a short distance, had a slight mishap to her bowsprit and had to return here, thus delaying her departure for some time.

SHEEP AND CATTLE MEN WAR

Associated Press Dispatches by
The Tribune's Special Leased Wire.

CHEYENNE, Wyd., Aug. 3.—Northeastern Colorado is the scene of a war between sheep and cattlemen. On Monday last four horsemen, carefully disguised, both as to person and their horses, rode into some large flocks of sheep belonging to the Warren Live Stock Company of Cheyenne, which were being grazed along Two Mile creek, about twenty-four miles from Sterling. The men were well armed, and shot and killed 100 sheep and badly crippled twenty-five more. It is reported also that two sheep herders were badly beaten, but this cannot be verified.

WANTS TO RECOVER FATHER'S PROPERTY

Charles J. Kryster has begun suit to recover property which he alleges John Kryster was wrongfully and fraudulently coerced into transferring to his wife, Elizabeth Kryster.

A short time ago Mrs. Kryster went East, leaving her husband, who is 78 years of age, in this city. It was stated that the wife had secured most of the old man's property before leaving.

Charles Kryster then secured letters of guardianship on his aged father and has begun suit to recover the family dwelling house on West Elizabeth street, valued at $7,000 to $8,000.

CANADA MADE A CONCESSION.

An Incident Bearing on the Boundary Dispute.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—A special to the Herald from Ottawa, Ont., says:

It has developed in connection with the Alaskan boundary matter that Canada not long ago made a territorial concession of some importance to the United States.

In 1893 commissioners were appointed to gather data for the delimitation of the boundary. These commissioners—General Duffield for the United States and Mr. King, dominion astronomer, for Canada—were empowered to engage surveyors, who were to locate in particular the 141st meridian, which is the boundary mentioned in the old treaty as dividing Canada from Alaska up to a certain point.

When the observations had been taken it was discovered that the 141st meridian struck the coast over the western shoulder of Mount St. Elias. The United States authorities suggested that it would be more convenient to take the apex of Mount St. Elias as the starting point of the boundary line, thus moving it 2.41 statute miles further east. It was agreed that the new boundary line thus run should meet the true meridian 23½ statute miles north from Mount St. Elias. The United States by this arrangement secured twenty-eight square miles of territory. Canada readily consented to make this gift, as the United States desired to share equally with Canada in having the highest mountain of North America within her territory.

This fact is recalled as proof that Canada does not always adhere to the Chamberlain motto of "What we have we'll hold," even in diplomatic dealings with the United States.

NEW GLASS COMPANY IS INCORPORATED.

The Corona Glass Company today filed articles of incorporation with a capital stock of $4,160.

The company will conduct a glass factory in this city and transact a general business.

The directors are William F. Buttner, Judson M. Davis and Albert G. Gilberg of this city, August Pasquet and Frank Scott of San Francisco.

Will Look For Fortune.

E. C. Hawes has applied for letters of administration on the estate of Joseph O. Besse, who died at the Galindo Hotel on June 26th. It is thought that the deceased left considerable money as he had been engaged as a silk expert for several years. Relatives deny that he had money.

To Settle Estate.

John F. Wigginton has applied for letters of administration on the estate of Susan Amanda Wigginton, who died in Fresno May 15, 1897. The action is taken to settle an estate in this county, valued at about $7,500.

FEVER BROUGHT FROM SANTIAGO.

The Hospital Officials Trace Source of Infection.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—A special to the Herald from Washington says:

Mr. Root spent his first day as Secretary of War in dealing with the yellow fever problem, seeking information and endeavoring to promote harmony. He declared that he did not purpose to be influenced by factions, but would do what he thought was right for the service and the country.

His action in supporting the choice by General Merrit of Battery Point, Del., as the proper place for the artillery troops from Fort Monroe, is taken as indicative of his intention to support the officers to whom he entrusts particular work. The Surgeon General favored sending these troops further north.

His intention to support General Wood by keeping the troops at Santiago during the yellow fever season, notwithstanding the recommendation of General Miles to the contrary, is interpreted by some to mean that the commanding General will not be much in evidence.

But the Secretary, during a long conference with General Miles this afternoon, assured him that he would value his views on all subjects pertaining to the military establishment.

THE BURGLARS ARE ACTIVE.

Lodging Houses Seem to Be Their Working Points.

Hotels and apartment houses seem to be in special favor with the burglar profession at this time, the Shafter House, at the corner of Eighth and Washington streets, having had a visitation from the gentry last evening. The room occupied by a visiting woman named Mrs. Stewart was entered during her absence by some person, who succeeded in effecting an entrance by forcing the lock. The clothes press and bureau drawers were searched for articles, but nothing of value was found in them, because the tenant was simply a transient guest. A grip containing a large number of personal belongings with some money and jewelery was taken away and the owner and police have been searching for it in vain.

CAUSED PARENTS MUCH ANNOYANCE.

Ethel Leigh Leitham has not had a pleasant time at her home in Fruitvale, and this impelled her to seek for solace in other places. She accordingly ran away from home on the 30th of last month, since which time she has been sought by her parents, but without success, until last night when the case was brought to the attention of the police.

The girl was located at the home of a friend at the corner of Sixteenth street and San Pablo avenue, and was taken to her home. She promises to be more contented with her lot in the future.

TAILORS WIN THEIR STRIKE

Associated Press Dispatches by
The Tribune's Special Leased Wire

NEW YORK, Aug. 3.—The tailors have won their strike, practically all of the contractors having signed agreements for the coming season. These contractors allow operators $18, basters $15 and finishers $16 a week. Ten hours is to constitute a day's work.

UNHAPPY WIVES IN DIVORCE COURT.

Laura J. Graham has been granted a divorce from her husband on the ground of failure to provide. The suit was brought three months after the couple were married.

Mrs. Francis Claflin is suing her husband for divorce on the grounds of desertion and failure to provide.

BOY ARRESTED FOR STEALING MONEY.

Willie Ericson of Twenty-eighth and Adeline streets, aged 9 years, was arrested last night by Detective Holland on a charge of petty larceny. He stole $5 from a counter in Weed's store at 463 San Pablo avenue and bought some clothes with the money. He was found in bed by the detective.

SUIT TO FORECLOSE ON CHURCH PROPERTY.

A. M. Simpson has begun suit to foreclose a mortgage on the property of the First English Lutheran Church at Grove and Sixteenth streets. The action is brought on a promissory note of $5,000 executed in 1892, to run for three years. The plaintiff claims that there is still due $2,247.31 on the note. He also asks $500 attorney's fees.

More Gold Deposits.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—There was paid by the sub-treasury on Wednesday, through the clearing house, $3,00,000 on account of Klondike gold deposited at San Francisco or Seattle, this sum going to swell the reserves of banks of this country. The deposits of $1,000,000 of the Australian gold at the San Francisco sub-treasury, against which sum a treasury warrant was drawn in favor of the New York sub-treasury, represents the payment of English debts.

The San Francisco sub-treasury receives the gold from the banks of that city and practically transfers it to the local sub-treasury, which credits the New York banks with the amounts severally due them.

New Copper Company.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

TRENTON, N. J., Aug. 3.—The Armer Consolidated Copper Company, with an authorized capital stock of $5,000,000, was incorporated here today for the purpose of operating mines in Arizona and New Mexico. The incorporators are Charles N. King, F. R. Vanderhoof, Isaac F. Golderbarn, C. H. Tompkin, John K. Mulvaney, all of Jersey City.

HE BROKE THE WORLD'S RECORD.

Remarkable Ride of a Minneapolis Cycler.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

MINNEAPOLIS, Aug. 3.—The world's bicycle record for 1,000 miles, held by T. A. Edge of London, England, and made over an ordinary turnpike road, has been broken by A. A. Hanser, who finished his long ride early today, covering the distance in 92 hours, 44 minutes. The time made by Edge was 105 hours, 15 minutes. It may be questioned whether Hansen will be accorded in all quarters the world's record, as he rode over a boulevard, while Edge made his ride over an ordinary road. At the same time, it is questionable whether Hansen's path was not all superior to the hard macadam of the English country road. Hansen had one very bad bridge to climb twice in every forty mile trip, and there were spots in the path that would disgrace a wagon road. The Minneapolis rider finished at 2:51 this morning, after having been actually in the saddle seventy-three hours. In order to make the thing sure as to distance, Hansen was sent another twenty miles after completing his ride.

Hansen finished in very good condition, considering the severity of the task he had in hand.

DISARMING THE CUBANS.

The manner of disarming adopted by the commission has all the elements of simplicity—a pronouncedly necessary factor in dealing with these people.

The soldier is brought into the commission's office, turns over his arms to the armorers (Cubans) appointed by the Alcalde, is identified by a field officer of his regiment, touches the pen, and then draws his pay. It is a very simple plan, and has so far worked very well.

The only opposition to the scheme has been on the part of some of the general officers of the Cuban army, who, unlike Cincinnatus, have no desire to return to the plough. Having tasted the fruits of military command, it is hard for them to return to the prosaic duties of civil life.

And the General? It was after the first day's payment, and again we sat in the cafe; this time the tipple was tamarindo, and the General subdued and philosophical. In the general room the ex-soldiers were drinking, smoking, and chattering, while occasionally the clink, clink of "American money" came to our ears.

"The grand patriots?" I ventured to remark.

"Are wise," answered the General promptly.

My Spanish being now almost exhausted, I asked him through "Vargas" why he had changed his mind so radically. For a time he was silent, and then he asked.

"The American Goverment is paying how much to each man?"

"Seventy-five pesos," I answered—"Americanos."

"What do you think the ordinary rifle that has been turned in is worth?"

"I don't know. Not much," I ventured to reply.

"What can a new, improved, reliable rifle be bought for?"

"About $25, perhaps."

"And the American Government pays him how much for his old one?"

"Seventy-five pesos," I answered somewhat testily.

"Well, then," continued the General, gazing at me rather quizzically, "is he not wise? Entiendo!"

And I confess my tamarindo had lost its flavor.—Harper's Weekly.

A COMMON SUFFERER.

She—
What if it rains, sweetheart,
What if the day be wet?
'Twill clear again,
'Twill cease to rain,
And I am with you yet—
What though it rains, sweetheart
Why so frown or fret?

He—
Ah, yes! Ah, yes, sweetheart,
'Tis even as you say;
The clouds will blow
Away, I know,
The rain will cease, some day.
But this is my week off sweetheart,
My little week of play!
—S. E. Kiser in Chicago Times-Herald.

The receipt of the news at Lost Creek of the ravages of the kissing bug back East leads the esteemed editor of the Lyre to remark:

I wish I were a Hobson bug,
My best girl's couch I'd seek
And feast upon her lovely mug

Life on the farm was become intolerable.

"I shall run away to sea!" he exclaimed.

"But why?" asked his gray, old father, tremulously.

The boy felt that it was necessary to be perfectly candid.

"Because," he replied, "I find that I am not a poet, and if I become a Rear-Admiral, I shall have space in the magazines at my disposal!"

The divine afflatus, understand from this, is not easily to be headed off.—Detroit Journal.

FUNSTON AVENGED HIS HORSE.

Colonel Funston sat on his horse watching his Kansas boys fire at the enemy at Caloocan, when an orderly came up with the commanding general's compliments, and an order to stop firing.

"Cease firing!" shouted the colonel.

Only a few of the nearest men heard him, and the firing kept on.

"Cease firing!" ordered the colonel again, and this time the bugle gave forth the peal and the firing, after scattering stopped altogether. Just then a ball from the insurgents drilled the neck of the colonial's pony. Quick as a flash Funston whirled around, fire in his eyes.

"Commence firing!" he shouted, at the top of his voice. "Give 'em — at 900 yards!"

It took three or four rounds of ammunition all along the line to avenge that horse, though the colonel still rides it.—Manila Correspondence Leslie's Weekly.

Tommy—"Yes; but if a feller could only be both of 'em!"—Puck.

Mrs. Smith (thoughtfully)—"I'm afraid I shall have to stop giving Robby that tonic the doctor left him."

Mr. Smith (anxiously)—"Why, isn't he any better?"

Mrs. Smith—"Oh, yes! But he has slid down the banisters six times this morning, broken the hall lamp, two vases, a jug and a looking glass, and I don't feel as if I could stand much more."—Tit-Bits.

BOTH CANALS TO BE BUILT.

Statement by a Member of the Nicaragua Commission.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, Aug. 3.—Lieutenant Colonel Oswald F. Ernst, Engineer Corps, U. S. A., has sailed for Europe in his capacity of member of the Isthmian Canal Commission to look into the records of Panama canal project. Colonel Ernst will be followed next week by Admiral Walker, Professor Burr of Columbia University and George B. Morrison. The Canal Commission has nine members, but these four were appointed a committee to go to Paris and study the affairs of the Panama Canal Company. The results of the investigation will be embodied in a report to the full commission, after which the Nicaragua canal project will be subjected to the same scrutiny. It will then remain with the commission to decide which canal shall be constructed by the Government.

"Our researches on the other side," said Colonel Ernst in talking of the subject, "will be most exhaustive and thorough, and may consume much time. We will look into the records of the canal, consult with French engineers who have been at work on it and find out just how far the work has gone. Estimates for the completion of the canal will also be considered. It is still a question with the Government which canal should be constructed. When a complete investigation has been made of the Nicaragua and Panama canal schemes and the report submitted, the Government will doubtless authorize the completion of the two."

QUIGLEY'S STAR WILL SHINE AT NIGHT.

Tomorrow evening Acting-Detective Quigley will resume his beat as a patrolman of the police force after a successful career as a detective for about two years. His return to the patrolman has in no way been occasioned by an act of omission or commission on his part while on the still hunt for criminals. It has been occasioned by the desire of the Council to have only two members on the detective force. Mr. Quigley was sacrificed because he was the latest accession to the ranks of that department. Prior to going on the detective force he had done excellent work as a patrolman and he will not be found wanting now that he is about to return to his old place.

GOOD BOXING AT THE ACME CLUB.

The rooms of the Acme Athletic Club were filled with people last evening to witness the boxing bouts. The principal feature of the evening was the knockout of Kid Whyres of San Francisco by Jack Cupliss of the Acme. The latter had considerable advantage in weight over his opponent. The knockout came in the sixth round with an uppercut on the jaw.

Billy Phant of the Eureka Club and Otto Hesse of the Acme fought an interesting six-round draw. Al Levinson acted as referee, and Eugene Van Court and Dr. Walter Smythe acted as judges.

Two colored boys, Dodds and Crawford, put on the gloves. Dodds got the decision.

They Are Happy.

Monday evening David Samuel Willeford was married to Annette Elizabeth Pejot at the residence of Hon. Craigie Sharp, who performed the ceremony. Miss Pejot is a French girl who was formerly in charge of Mrs. Prescott, but was later transferred by the court to the guardianship of Mr. Sharp. She passed her eighteenth birthday a short time ago and has now settled down to housekeeping. The couple have taken a little home at Peralta and Thirty-second streets and are already enjoying the delights of first housekeeping.
